## GERMANY MUST OBSERVE PEACE TREATY

### Officials of France Say Country Needs Army of 700,000 Men

Declare Republic Must Have Strong Force Until Late  
Enemy Countries Show Goodwill by Carrying Out  
the Terms of Their Treaties.

Paris, April 19.—France must maintain an army of 700,000 men until enemy countries "show their goodwill by executing the terms of their treaties" in the opinion of Government officials, according to newspapers here. Plans under contemplation call for 350,000 conscripts constantly under training, eighteen months' service being required of each man.

Wages equal to those paid industrial workers, less the cost of food and lodging, will be paid enlisted men and conscripts who re-enlist. It is expected bills to carry out this programme will be introduced in the Chamber some time in June.

Rulings relative to the length of hair, moustache and beard, which since early in the war have been strict, have been relaxed. Old regulations permitted beards but specified they must not be as luxuriant as to hide collar insignia.

#### LABOR DEMANDS.

Paris, April 19.—Demands for withdrawal of the French forces sent into German cities east of the Rhine, abandonment of new colonial expeditions, such as that in Syria at present, and release of the class of 1918 from the colors are made in a manifesto issued by the General Federation of Labor in calling upon workmen to join in the May Day strike.

These measures should be adopted, it is said, to show the world that "France wishes for peace."

#### GREENWOOD HAVING STRENUOUS TIME

Lively Episode in By-election  
Campaign in Sunderland,  
England

London, April 19.—(Canadian Associated Press)—Sir Hamar Greenwood is having a strenuous time in the Sunderland by-election campaign. At one meeting he abandoned his speech owing to interruptions. Newspaper opponents make the play that though he insists on the Government's platform on the Irish problem, it is only an election issue, and that his election address contains the mere announcement of his appointment as Secretary of State for Ireland.

Some fun is made of his assertion on Saturday that "I came to you in 1910 as Mr. Hamar Greenwood. I came in 1918 as Col. Hamar Greenwood. Now I come as Cabinet Minister and Chief Secretary for Ireland."

One writer remarks that Sir Hamar seems determined to leave no chapter untold of his "long-cabin-to-White-house career."

#### A Change.

Charles Masterman, one of Mr. Asquith's old lieutenants, who himself has had disappointing experiences in by-elections, speaking in the constituency Saturday night said that when he knew Sir Hamar Greenwood in the Commons, the latter used to be sent about to make breezy speeches about the Tories. Now he was sent by the Tories to make breezy speeches about the Liberals. Mr. Masterman further asserted that the Mountjoy prisoners had been released through the government's fear of this by-election.

#### BERLIN WAITERS ON STRIKE; EATING PLACES ARE CLOSED

Berlin, April 19.—The majority of the public eating places in Berlin are closed on account of a strike of the waiters which began Saturday.

### States Not Represented at San Remo Conference

San Remo, Italy, April 19.—It developed definitely before the opening session of the Allied Supreme Council here to-day that the United States would not be represented at the conference. The Prime Ministers of the three great powers—Lloyd George, Nitti and Millerand—have expressed regret that the United States was taking no part in what is regarded as one of the final acts of the Peace Conference. So far as it can be sensed, the feeling here is that the absence of the United States is only a temporary one and that the reasons for her present detachment are likely to disappear.

For the present, however, the Premiers, Foreign Ministers and Ambassadors of Great Britain, France,

#### GEDDES, BRITAIN'S AMBASSADOR TO U.S., IS IN NEW YORK

New York, April 19.—Sir Auckland Geddes, the new British Ambassador to the United States, arrived to-day on the steamship Kaiserin Augusta Victoria from Liverpool, with Lady Geddes. He was taken aboard the revenue cutter Calumet at quarantine and landed at Battery Park.

#### LUNCH BOXES IN NEW YORK TO AID AGAINST H. C. OF L.

New York, April 19.—The Cheese Club, which introduced the South's overall campaign to New York, to-day started a brand new attack on high prices by urging overall wearers and others to carry lunch boxes from home to work. "Dollar and more" lunches are the reason for the latest move.

### Murder in Ireland and Fighting in Londonderry

Dublin, April 18.—Sergeant Carroll was killed and Constable Collins seriously wounded to-day while returning from mass at the Kilnihil church in Kilnihil, West Clare. The men were shot from behind. Carroll's neck was pierced by a revolver bullet. Constable Martyn, who was with Carroll and Collins, was not wounded.

Belfast, April 19.—There was renewed rioting in Londonderry Sunday evening between Unionists and Sinn Feiners, the police clashing both impartially. Revolvers were used freely.

#### A youth named Matthew Deehan was shot in the lungs and lies in a critical condition.

The fighting was so fierce at Carlisle Bridge that pedestrians were unable to return to their homes and were stranded for the night.

The rioting Sunday night followed fighting Saturday evening, when sticks, stones and iron bars were freely used and revolver shots were occasionally exchanged in a five-hour melee. Three separate attacks were made by civilians, and factional fights occurred between Unionists and Sinn Feiners. These necessitated frequent charges by the police and military, in which twelve persons were injured. Their wounds were treated at the local infirmary.

#### Convention in Montreal.

Ottawa, April 19.—Thomas R. Donavan, an official of the Ancient Order of Hibernians in Ottawa, informed the Journal that the proposed convention of Canadian Irishmen will not be held in Ottawa or Toronto, as reported in a Winnipeg dispatch, but will take place in Montreal in June. The date has not yet been set.

The object of the convention is to organize all Irish societies under one head; to educate the Canadian Irishman; to foster the Irish language; to strengthen the status of the Canadian Irishman; to co-operate with other loyal Canadians in efforts to serve Canada as patriotic citizens; and last but not least, to discuss the Irish race question.

A large number of delegates from Ottawa will attend the convention.

#### MUSTAPHA'S MEN OCCUPIED HADJIN

Turkish Nationalists Claim  
They Hold Town North-  
west of Marsh

Constantinople, April 18.—Via London, April 19.—A communication issued to-day by Mustafa Kemal, leader of the Nationalist forces in Asiatic Turkey, says the Nationalists have occupied the town of Haddin, which lies a short distance northwest of Marsh.

#### French Troops.

Constantinople, April 19.—(Associated Press)—A French cruiser landed three battalions of infantry, some batteries and cavalry at Mersina, Asia Minor, on April 14, according to an official communication issued by Mustafa Kemal Pasha, leader of the Nationalist movement. Armenian volunteers covered the landing, but the statement says the communications were broken and the French were unable to advance farther than the protection of their naval guns.

Reports reaching Constantinople say that communication between Mersina and Adana, thirty-six miles distant, has been discontinued for several days.

#### Minister to Make Personal In- vestigation at Merville Settlement

Immediate adjustment of conditions at Camp Merville, in so far as that is possible, will be the first post-session task of the Hon. E. D. Barrow, Minister of Agriculture, and Colonel R. D. Davies, nominal head of the Provincial Land Settlement Board.

Mr. Barrow stated to The Times representative this morning that he would visit Courtenay on Thursday of this week and conduct an investigation of affairs at the settlement in order to place things upon a mutually satisfactory foundation. The representations made by the delegation of veterans from Camp Merville will be considered and concessions granted where possible.

The Minister referred to one disturbing condition in the district where the camp is located. Local sawmills there are offering a minimum wage of six dollars per day, and with the returned men clearing land at four dollars per day there is a strong tendency on the part of a few at least either to take the higher paid work or to agitate for higher wages in the settlement. Mr. Barrow hinted that it might be necessary to curtail operations somewhat as a result of this condition.

"Our first work will be to rush the allotment of cleared land," he said, "and to consolidate the clearing work as much as possible. This may necessitate a considerable change in plans as now followed. With the new arrangement between our board and the federal authorities now in operation, it is necessary to carry on development work for returned soldiers in such a manner as will ensure the securing of loans when appraisals are made by the Soldier Settlement Board officials. This requires co-operation and we are determined to do our part."

DR. J. MAGEE DIES.

Troy, N.Y., April 19.—Dr. John Magee, a pioneer in the use of diphtheria anti-toxin, is dead at his home in Chestertown.

#### TWENTY KILLED BY STORM IN ARKANSAS

Many Injured; Storm Swept  
Across Several Counties  
in State

Little Rock, Ark., April 19.—About twenty people were killed and many injured in a storm which swept several counties in Northwest Arkansas last night, according to messages received over a demoralized wire service to-day.

At Harkey Valley, twelve miles north of Danville, seven people, six of them members of one family, were reported killed, with many persons hurt and six on the verge of death. South of Clarksville, three persons were reported killed and many hurt.

#### VANCOUVER MAN KILLED BY OPIUM

Vancouver, April 19.—John Wm. Jorday, a returned soldier, formerly of McKay, died on Sunday at the General Hospital here after being picked up in an unconscious condition in the street on Saturday night. The police believe death was caused by opium poisoning.

#### PRAIRIE PLOUGHING.

Lethbridge, April 19.—Ploughing started in the Raymond district this morning. The top soil is drying rapidly and work on the land will be general all over Southern Alberta by Thursday. Seeding will start generally next Monday.

#### RAILWAY CONTROL COSTS STATES TOTAL OF \$1,129,000,000

Washington, April 19.—Total loss to the Government growing out of Federal control of the railroads of the United States was estimated to-day by the House Appropriations Committee at \$1,129,000,000. This includes the \$225,000,000 estimated as guarantees to the roads under the terms of the Transportation Act.

### Half of French Force Departs From Frankfurt

London, April 19.—No part of the 37th Division of the French army remains in Frankfurt. A dispatch received here stated that the staff officers, the last to leave, were departing. The men of the division had left before that.

Frankfurt, April 18.—Via London, April 19.—(Associated Press)—The French announced this morning that the withdrawal of the 37th Division to Wiesbaden had been completed with the exception of staff officers, who are leaving this afternoon. So quietly was the withdrawal carried out that the people of Frankfurt are still unaware that half the French occupation forces are gone.

The division included the Moroccan and Algerian troops, whose presence in Frankfurt was greatly resented by the people. No colored soldiers are here now.

General Demetz and his staff attended mass in the Frankfurt Cathedral this morning.

Berlin, April 19.—The Vossische Zeitung today points out that with the removal from the Ruhr region of the Reichswehr troops in excess of the permitted number, there are increasing signs of French withdrawal from the Frankfurt area. The French

#### SOLDIERS' FEES FOR DIVORCE TRIBUNAL

Delegation Waits on Govern-  
ment Asking For Relief in  
Special Cases

#### SATISFIED WITH PLAN FOR ASSISTANCE

With a request that the Provincial Government should extend the scope of the Provincial Returned Soldiers' Aid Commission so that its machinery and monetary appropriation would assist ex-service men in the prosecution of divorce court actions, a delegation of the Victoria branch of the Ex-Service Council, consisting of H. J. Young, Beaumont Boers and F. Abrahams, waited upon the Provincial Cabinet this morning.

On the suggestion of the Attorney-General a conference will be held between Hon. J. D. MacLean, Minister of Education—under whose jurisdiction the Commission comes—Mr. Farris, himself, George F. Pyke, Secretary of the Commission, and representatives of the Ex-Service Council, for the purpose of discussing the whole question and of arriving at an equitable measure of procedure in connection with soldiers' divorces.

#### Number So Placed.

Acting as spokesman for the delegation, Mr. Young pointed out to the Cabinet that a number of ex-service men had returned to the Province to find that their wives were living with other men. In many cases, said he, the custody of children devolved upon the husband whose meagre earnings were not only insufficient to maintain himself and his motherless family, but quite inadequate to permit of his instituting divorce court proceedings. Mr. Young stated that there were a number of cases of particular hardship, one of which concerned a former member of the Canadian Expeditionary Force, twenty-five years of age, who was endeavoring to support himself and two children on a salary of \$100 per month. It was, he said, to meet cases of this description that the Ex-Service Council desired additional powers to be given to the Returned Soldiers' Aid Commission.

Legal Position.

Mindful of the legal aspect of the case, Mr. Farris pointed out to the delegation that it would be a dangerous proceeding were the Govern-

#### I. W. W. STRIKE IN BUTTE DISTRICT

Less Than One-third of  
Mines Got to Work  
To-day

Butte, Mont., April 19.—The strike called yesterday by the Butte branch of Metal Mine Workers' Industrial Union No. 800, I. W. W., for \$7 wage and a six-hour day was put into effect in the Butte district this morning. Pickets to the estimated number of 300 men turned back miners on the way to work with the result that operations in many of the mines are suspended. About thirty per cent of the usual force of miners reached the mines and where the crews were large enough to permit operations to go on they were lowered.

About 13,000 men are employed in the various mines of Butte, and of that number about 8,000 are in the employ of the Anaconda Copper Mining Company.

#### JOLT FOR VALERA AT ATLANTA

Atlanta, Ga., April 19.—Over 2,000 people yesterday unanimously carried a resolution urging Governor Dorsey and Mayor Key to refuse any official recognition to Ramon de Valera, "President of the Irish Republic," when he visits this city this week.

#### RED CROSS SUPPLIES BURNED AT SALONICA

Salonica, April 19.—American Red Cross supplies en route from Marseilles to Constantinople have been destroyed in the burning of the steamship Rey here. The ship it a total loss.

#### GENERAL DENIKINE ARRIVES IN LONDON FROM SOUTH RUSSIA

London, April 19.—General Denikine, former commander of the anti-Bolshevik army in Southern Russia, reached London last night from Constantinople. His visit is an unofficial one.

German Evacuation.

Zurich, April 18.—Via London, April 19.—According to the time of the recent French advance, they have already left the zone of occupation east of Frankfurt, the newspaper states, while there are now foreign troops at Offenbach or Muhlheim.

#### ATTENDS CONFERENCE AT SAN REMO, ITALY; MR. LLOYD GEORGE

#### MURDER IN CHURCH BY INSANE MAN

Printer Formerly in Calgary  
Kills Dr. J. A. Marker in  
New York Church

New York, April 19.—Dr. James A. Marker, a well-known surgeon, was shot and instantly killed while taking up the offering at the morning service yesterday at St. George's Episcopal Church in the old, aristocratic district of New York.

The murderer, Thomas W. Simpkin, stated later to the police that "the pastor told me to go to the altar and be good to strangers, but no one spoke to me, and I resented it."

#### Captured.

Simpkin was captured after a short chase by a group of parishioners, headed by William Fellows Morgan, president of the Merchants' Association of New York; George Brewer and J. Morgan Jones. At the East Twenty-second Street police station the prisoner gave his name first as Thomas W. Shelly, and later as Thos. W. Simpkin. The police said he told them he had escaped Thursday from the Eastern State Hospital for the Insane at Williamsburg, Virginia.

The man was born in London, England, and said he had spent some time in Canada before coming to the United States.

Dr. Marker, a wealthy vestryman of the church, was a friend of and personal physician to J. Pierpont Morgan, also a parishioner there. He was fifty-five years old.

#### A PROTEST.

Austin, Tex., April 19.—Vigorous protest against the proposed movement of Mexican troops through Texas in a campaign against the rebels of Sonora was made by Governor W. P. Hobby in a telegram to Bainbridge Colby, Secretary of State.

#### C. P. R. EARNINGS.

Montreal, April 19.—Canadian Pacific Railway earnings for the week ended April 14, 1920, were \$5,535,000, an increase of \$767,000.

#### WOOLLEN MILLS OF CANADA TO SEND GOODS TO ROMANIA

Toronto, April 19.—The Canadian Association of Woollen Manufacturers has secured orders in Romania to the value of \$2,500,000. The Association sent an agent to Romania to handle the Canadian woollen goods in Southeastern Europe.

#### JOLT FOR VALERA AT ATLANTA

Atlanta, Ga., April 19.—Over 2,000 people yesterday unanimously carried a resolution urging Governor Dorsey and Mayor Key to refuse any official recognition to Ramon de Valera, "President of the Irish Republic," when he visits this city this week.

#### RED CROSS SUPPLIES BURNED AT SALONICA

Salonica, April 19.—American Red Cross supplies en route from Marseilles to Constantinople have been destroyed in the burning of the steamship Rey here. The ship it a total loss.

#### GENERAL DENIKINE ARRIVES IN LONDON FROM SOUTH RUSSIA

London, April 19.—General Denikine, former commander of the anti-Bolshevik army in Southern Russia, reached London last night from Constantinople. His visit is an unofficial one.

German Evacuation.

Zurich, April 18.—Via London, April 19.—According to the time of the recent French advance, they have already left the zone of occupation east of Frankfurt, the newspaper states, while there are now foreign troops at Offenbach or Muhlheim.

### Allied Leaders Say Germany Must Live Up to Pact's Terms

Measures Not Yet Clearly Defined Will Be Taken to  
Compel Respect If Teutons Persist in Negligence;  
San Remo Conference Begins.

San Remo, April 19.—(Associated Press)—The Inter-Allied Supreme Council began its formal sessions here to-day. The meeting was opened at 11 a.m. in the Villa Devachau on the hills to the northwest of the main town.

While the Turkish question was on the programme for first consideration by the conference to-day, it developed that there already had been discussion over the question of enforcing the execution of the treaty of peace with Germany.

There seems no doubt that the Premiers are agreed that a joint declaration must be sent to Germany requiring her to fulfill the conditions of the Versailles Treaty, and if she does not the Allies will take measures to compel her. The Premiers, however, have not yet agreed upon the form of pressure to be used should Germany continue negligent.

#### "OUTLAW" STRIKES MAY SOON LEAD TO NEW LEGISLATION

Ottawa, April 19.—Legislation to place agreements between labor organizations and employers in the same class as legal contracts, enforceable by the courts, is talked of here as a result of certain "outlaw" strikes.

#### HURT IS STILL UNABLE TO TALK

Self-wounded Bigamist Lies  
in Los Angeles Hospital  
and Moans

Los Angeles, April 19.—The case of James R. Huitt, alleged bigamist, the list of whose supposed wives now numbers about twenty-five, of whom eight are missing or unaccounted for, rested unchanged to-day. Huitt, who is recovering from wounds due to two attempts at suicide, is still unable to talk. He lies shackled to a cot in a prison section of the county hospital and attendants said to-day he moans monotonously, but does not try to talk.

Deputy sheriffs went to the Mexican border to-day to run down reports relating to the disappearance of two women Huitt is alleged to have married and who were last seen at border points.

#### SHIPPING BILL SUBJECT OF DEBATE

Proposal in Commons Railway  
Board Govern Inland Water  
Transportation

Ottawa, April 19.—(Canadian Press)—To-day is set apart for private members' resolutions in the Commons, and it is expected that the afternoon will be devoted to discussion to J. A. Armstrong's bill to regulate inland water transportation within the jurisdiction of the Railway Commission, and Dr. J. E. Edwards' resolution favoring the establishment of a Federal Bureau of Education.

The former resolution has been widely discussed by boards of trade and other bodies, particularly the former in cities along the shores of the Great Lakes, and considerable interest is being manifested in the outcome of the resolution.

#### NEW TAX SCHEME URGED IN FRANCE

Socialist Suggests Novel Slid-  
ing Scale; Unlikely to Be  
Adopted

Paris, April 19.—Proposals to institute a novel scheme of taxation to wipe out the Treasury deficit, have been brought forward in the Chamber of Deputies by Paul Aubriot, a member of the group of Socialists which was read out of the party because it supported war measures during the war. He urges that the total deficit be divided by the number of taxpayers, thus establishing a unit of taxation and that each unit be assessed on a sliding scale based upon the taxpayers' income. It is believed improbable that the idea will be adopted by the Finance Committee.

### Anarchists in Toronto Urge May Day Disorders

Toronto, April 19.—Evidence that Toronto anarchists are endeavoring to stir up discord and precipitate conditions similar to those in the United States as a result of the switchmen's strike was shown to-day when the police discovered a number of handbills reading:

"Fellow workers: Now is the time to strike. The Government is with the capitalists. Get ready for the first of May." These bills were signed by the anarchist group.

Chicago, April 19.—Threat of a new strike among railroad employees in the Chicago district to-day confronted claims of railroad managers and Brotherhood officials that the "insurgent" switchmen's strike had been broken and the situation rapidly was returning to normal. Eight thousand freight-handlers and 30,000 railroad clerks employed on all lines entering Chicago will take a strike vote to-night after a conference to-day with the railroad heads, George W. Worrell, chairman of the Chicago & Northwestern Railroad clerks, announced.

WORLD SHORTAGE  
OF WHEAT FORETOLD

U. S. Agent in London Says  
Europe Needs Canadian and  
American Aid

Washington, April 18.—Indications of a world-wide shortage of wheat this year and a world-wide increase in the demand was reported to-day by the American Agricultural Trade Commissioner in London, who said bread was selling in England at what was generally considered the highest price the working man would tolerate without grave disorders.

With Russia still in a chaotic state, there is little to be expected from that country in the way of wheat exports, and Europe naturally turns to Canada, Australia, India, the United States and Argentina. Some European countries will be compelled to import larger quantities of wheat than in pre-war times, provided they are able to arrange satisfactory credits, the reports say. Conflicting reports received in London from Russia place wheat available for export at \$5,000,000 to 10,000,000 bushels, but the available railroad equipment is not sufficient to move any large quantity. Britain and other European countries will have to depend on Canada, the United States and other wheat exporting nations. The British Government has announced the maximum price for the 1920 crop to be the average price of imported wheat of similar quality, provided the price so paid the home grower shall not exceed \$2.89 a bushel. United States imports, the Commissioner reported, were ranging from \$2.04 to \$4.11, or an average of \$3.46 a bushel.

AUSTRIAN RAILWAY  
WORKERS ON STRIKE

Vienna, April 18.—Via London, April 19.—The entire southern railway system is tied up by a strike. Political causes are responsible for the movement of the Jugo-Slav section, while the men of the Austrian section struck for increased pay. The Polish frontier has been closed for ten days, the period required for restamping the currency.

URGE THE OTTAWA  
CABINET TO RESIGN

1,500 Persons at Meeting in  
Saskatoon Hear Dixon,  
Winnipeg M.P.P.

Saskatoon, April 19.—A resolution calling upon the Union Government of Canada to resign received support from 1,500 persons in the Empire Theatre yesterday afternoon after a vigorous address by F. J. Dixon, M. P. for Centre Winnipeg. Both afternoon and evening speeches delivered by Dixon were criticisms of the Union Government for "ripping up the constitution" and "putting innocent men in jail."

Dixon predicted: "Once the machievallian politicians who have committed these atrocities are exposed in all their nakedness, there can be no doubt about the result. The descendants of a race of men who have curbed the power of Lords and Kings will not long submit to the tyranny of politicians and profiteers."

Marcie Manchaser—Yes, I told Mr. Wilde that for his own good. I'd marry him.  
Polly Pickles—Was that a threat or a promise?

REVOLT IN STATE IN  
WESTERN MEXICO

Pro-Oregon Uprising in  
Michoacan; Governor Has  
Fled to Hills

Mexico City, April 18.—A revolt in the state of Michoacan, engineered by General Pasqual Ortiz Rubio, Governor of the state, and a strong supporter of Lieut.-Colonel Alvaro Obregon, is announced in a Government headquarters war bulletin issued early to-day. Governor Rubio, the bulletin states, has fled from Morelia, the state capital, with 100 men, accompanied by Major Jesus Millan with a command of fifty men. General de la Llorca, who came to the capital to confer with President Carranza, has been ordered to proceed immediately to Acambaro, who has been substituted in the Acambaro region for General Jose Renteria Luviano, sent to take charge of the Sonora campaign.

According to the bulletin, Governor Rubio has fled to the hills, taking with him the contents of the state treasury. While the revolt of pro-Obregon authorities in Michoacan had been expected, it was considered officially as a purely local uprising. The remainder of the state is reported to be quiet.

A dispatch to El Universal from its correspondent at Morelia claims that Colonel Obregon is in that town. It is said that he is openly in favor of the revolt. That is not confirmed officially, however.

## POLAND CLOSES

## ALL HER FRONTIERS

Austrian Crowns Being Made  
of Same Value as Polish  
Mark

Warsaw, April 18.—Via London, April 19.—(Associated Press).—Poland was shut off from the world today. All the frontiers have been closed for ten days by Government order while Austrian crowns are exchanged and stamped. To prevent crowns from being brought to Poland by speculators during the exchange period, railroad traffic to and from other countries has been suspended.

When the process is completed, marks and crowns will be of the same value. Heretofore, the crown has been worth thirty pfennigs more than the Polish mark.

TROTSKY WANTS  
MILITIA SYSTEM  
IN SOVIET RUSSIA

Moscow, April 18.—Via London, April 19.—(Associated Press).—Abolition of the standing army of Soviet Russia and inauguration of a system of universal military training through militia formations was advocated by Leon Trotsky, Bolshevik Minister of War, in a speech to the Communist convention, which has just ended its sessions here.

The third convention of the Russian trades unions was opened today by Chairman Tomski.

"JURY" SEPARATED  
HUSBAND AND WIFE

Syracuse, N. Y., April 19.—When Rev. W. B. Brunk, pastor of the Methodist Episcopal Church at Liverpool, near here, and Mrs. Brunk, found that they could not agree upon many domestic matters, they called upon an informal jury of their neighbors to settle their differences and agreed to abide by their decision.

Mrs. Brunk accused her husband of holding out on his salary and of neglecting her. He retorted with hints regarding his wife's mental stability. The "jurors" decided the Brunks should separate, she to take the eldest child and he the two younger ones. They awarded Mrs. Brunk \$2,000.

SWEDEN WILL NOT  
EXTRADITE KAPP

Berlin, April 18.—Via London, April 19.—The Swedish Government has decided it will not grant extradition of Dr. Wolfgang Kapp in the event such action being requested by Germany, according to The Vorwarts. The Government takes the position that the offence of Dr. Kapp is not extraditable.

SNOWSTORM VISITS  
CITY OF HALIFAX

Halifax, April 19.—Halifax yesterday experienced an unusual storm for this season of the year. Snow began falling early in the morning, and by noon the storm had reached the proportions of a blizzard. There was a gale of wind blowing, and with a decided drop in the temperature, winter conditions prevailed again.

RADICALS ARE NOT  
WANTED IN HOLLAND

The Hague, April 18.—The Dutch government is taking precautions against the possibility of plots by extremist elements in this country. A bill just made public embodies measures for counteraction against such plots, including any that might be hatched outside of Holland.

## AMERICAN BANKS.

New York, April 19.—The actual condition of clearing house banks and trust companies last week showed that they held \$23,648,590 reserve in excess of legal requirements. This was an increase of \$1,907,490 over the preceding week.

The Great French Tonic

A Medicine That Prolongs Life.

VITAL will do all we claim for it. If not, we refund your money. VITAL not only prolongs life, but makes the old feel and look young. It restores vim and vigor. VITAL takes hold of the inside nerves at once and braces you up. Some of your nerves have been dormant for years, and if they are not looked after will dry up and die. VITAL reaches the nerve centre, imparting life, youth and vigor. That tired, bilious feeling is removed; all your pains and aches are driven away. The most wonderful tonic ever sold is VITAL. Don't be a burden to yourself and others; get a box of VITAL to-day and start life over again. Drug stores are the only places in Canada where you can buy VITAL. Price 50c. a box.

TWO BURGLARS GOT  
DRUNK AND SANG;  
WERE CAPTURED

New York, April 19.—Prohibition is interfering seriously with the profession of burglary hereabouts. It was indicated when two expert cracksmen entered the home of Mrs. Josephine Geddes, St. Nicholas Avenue, and did up all the loose valves ready to carry away. Just as they were about to depart one of them chanced to open a sideboard door, and nearly full. There was one of vermouth, one of whisky, one of gin and one of brandy. The burglars decided to linger a little. When they finally left all four bottles were empty.

Chanting praise of the flowing bowl at the tip of their tongues, the pair staggered downstairs. In the lobby of the apartment house they were stopped by a gathering of citizens attracted by the clamor, and handed over to the police.

USE OF ELECTRICAL  
POWER IN ONTARIO

New York, April 19.—As the direct result of the utilization of the water-power in the Province of Ontario by the Hydro-Electric Power Commission, there is an increasing demand in that province for electrical fixtures and labor-saving equipment. American-made products command the market, and from large cities and rural communities served by the lines comes a call for more power to light houses, operate washing machines, vacuum cleaners and all the other modern appliances with which American homes have been equipped.

While at the moment the demand is limited to this particular section of the Dominion, it is probable that similar development will take place in other parts of the country at an early date, and a consequent spread of the demand may be expected.

HOELZE, COMMUNIST,  
IN JAIL NEAR CARLSBAD

Berlin, April 18.—Via London, April 19.—Max Hoelze, the Plauen Communist Leader, was arrested at Marlenbad Saturday, according to an official Czech-report, and is now in prison a short distance from Carlsbad.

## Fascinating French Imported Hats

France has in no sense lost her charming frivolity that so dominates the fashion-loving world. Delightfully this is emphasized in this showing of newly imported Models.

Hats, pictorial in line, are more than ever charming in their exquisite shades, with their touches of hand-embroidery on a background of shimmering silk, soft crepe or straw-or-softly veiled with black Chantilly lace—or the color accented with golden-hued grasses or beautifully tinted roses.

This initial presentation of advance models makes a special appeal to the woman who seeks originality and exclusiveness.

Prices \$5.00 to \$25.00

## PROROGATION WAS WITHOUT CEREMONY

The Session of 1920 Was a Month Longer Than Expected

Little pomp and ceremony marked the prorogation of the fourth session of the fourteenth Parliament of British Columbia on Saturday. The House met on January 29 and continued in session for twelve weeks, four weeks longer than was anticipated. But what was lacking in impressiveness was made up by the electrified proceedings of Friday and Saturday, caused through the Elliott telegrams relating to the Dolly Varden mines.

While prorogation had been arranged for early Saturday afternoon, it was not known until nearly four o'clock that the business of the House could be disposed of in time. However, the closing hour witnessed the legislative machine working at high speed, and when the royal assent to ninety-seven bills had been given by His Honor Lieutenant-Governor E. G. Prior, the proceedings for the year had passed into history.

All the bills passed by the Legislature were assented to, with the exception of the Vancouver Island Settlers' Rights bill. This was disallowed by the Federal Government twice and re-enacted by the Provincial Government again this session. Assent was withheld for the further consideration of His Excellency the Governor-General.

### His Honor's Speech.

Following the ratification of the bills the Lieutenant-Governor said the following speech:

His Honor's speech was as follows: Mr. Speaker and Members of the Legislative Assembly: In relieving you from your legislative duties, it affords me pleasure to express my appreciation of the earnest and zealous manner with which you have dealt with the serious questions submitted for your consideration.

I observe that a new "Elections Act" has been passed to remedy the defects of existing legislation, and to permit of a more general exercise of the franchise by the voters of the Province.

The "Mothers' Pensions Act" and "Testator's Family Maintenance Act" are statutes which I feel confident will tend towards the amelioration of social conditions within the Province.

I am pleased to note that under the provisions of the "British Columbia University Loan Act" the University will be placed in a satisfactory financial condition, and will before long be permanently established in suitable buildings.

The Act providing for the taking of a referendum on the question of prohibition will enable the electorate to express a definite opinion on the subject.

### Water Act

Among the important measures with which you have dealt, the amendment to the "Water Act" should insure to the increased production of the means of life throughout the Province, and will materially assist in furthering settlements upon the land, as well as benefiting many important industries.

Provision is made for the sale of resin from Crown lands, in the expectation of the establishment of a new industry.

An amendment to the "Taxation Act" extends the period for returned soldiers to secure a rebate of 10 per cent. on arrears of taxes, and so exempts the arrears from interest.

The Act respecting the Sumas Drainage, Dyking and Development District provides for the reclamation of a large area of land in the Fraser Valley.

A measure which should prove beneficial concerns the consolidating and simplifying of Acts relating to Agricultural Associations to encourage co-operative organizations among the producers.

### Mining Legislation

"An Act to amend the Mineral Act" gives the Lieutenant-Governor-in-Council power during a period of three years to place a reserve on lands containing iron ore which have not been previously alienated, and to have the effect of preventing the withholding from development for speculative purposes, important discoveries of this mineral, thus, it is hoped, hastening the establishment of a new industry in iron and steel.

The "Iron Bounties Act Amendment Act, 1920," extends the period during which my Government may

**Templeton's Rheumatic Capsules**

Templeton's Rheumatic Capsules bring certain relief, and permanent results. They are recommended by doctors, and sold by reliable druggists everywhere for \$1.04 a box, or write to Templeton, 142 King St. W., Toronto. Mailed anywhere on receipt of price.

Vancouver, the Owl Drug Store, 1111-1113, D. Campbell, Port Coquitlam, W. J. Tucker, Port Moody, Graham Knight.

pay a bounty on pig-iron produced in British Columbia, as set out in the "Iron Bounties Act, 1918," from the years 1923 to 1925.

"An Act to amend the 'Placer-mining Act' is a measure providing for the consolidation of arrears of rentals and reduces the annual rental and required annual expenditures for development-work on placer-mining leases. This Act, it is confidently believed, will result in the rehabilitation of the placer-mining industry.

**Highways and Dyking.** In "An Act to amend the 'Highway Act'" provision is made for a change in the rule of the road; it also deals with the classification of highways and the matter of Government assistance to primary and secondary highways in municipalities or organized portions of the Province.

"An Act amending the 'Dyking Act' amends the 'Dyking Act' empowers the Minister of Finance to advance moneys for the purpose of carrying on drainage undertakings in the dyking areas, these moneys to be repaid by assessment on the land benefited.

The many other important Acts passed at this Session will, I am sure, prove of advantage to the people of British Columbia.

I thank you for the supplies granted for the administration of public affairs, and in taking leave of you I desire the hope that the efforts you have put forth during the Session now closed will be rewarded by the fullest measure of success and will result in the continued progress and prosperity of the Province.

### Concluding Formality.

His Honor then retired and Mr. Speaker Keen announced official prorogation. Immediately the assembly hall became a bedlam, with the air full of flying sessional papers, bills, and in fact nearly everything movable, including books, waste-paper baskets and even hats. The exuberance of the members over the completion of their annual duties was quite genuine.

A total of 122 bills were put through the House, several being assented to a few weeks ago in order that they might become operative.

## AUTHOR OF FAMOUS WAR MOTTO HERE

Sir Joseph Flavelle, With Party, Was in City on Saturday

Sir Joseph Flavelle, who built up the great meat packing firm of the William Davies Co., Toronto, and remained as its head until the recent international merger of the remaining big independent Canadian and American packers, passed through Victoria on Saturday on his way back to Toronto. He was accompanied by Lady Flavelle and Mrs. Wallace Burrell. The party have been spending the winter with other prominent Canadians in California.

Sir Joseph is rated as one of the wealthiest men in Canada, his holdings increasing many fold during the last few years. He is perhaps the most prominent layman in the Methodist Church in this country and supports the institution generously with his money. Every Sunday morning when he is in Toronto he is in his place at the aristocratic Sherbourne Street Methodist Church, which is attended also by a large group of prominent and wealthy Torontonians, including the Hon. Newton Wesley Rowell and big departmental store owners.

During the war Sir Joseph gained great prominence when he was chosen by Sir Robert Borden to fill the responsible office of Chairman of the Imperial Munitions Board, which had the awarding of war contracts in Canada. It was in this capacity that he enunciated his famous war motto, "To hell with profits."

Sir Joseph's packing houses held the contracts for supplying the people of Britain and the English and Canadian armies with enormous quantities of heavily salted bacon. In his political activities Sir Joseph gained fame during the 1911 Reciprocity election when he was one of the leaders of the coalition of twenty-three Toronto millionaires, including Sir Thomas White, representing and controlling fabulous wealth, said to be the greater part of the resources of the country. Sir Wilfrid Laurier and the Liberal party and threw all their backing behind the Conservatives.

## APARTMENT HOUSE FOR LUNG SUFFERERS

Winnipeg, April 19.—Construction by the city of an eighteen to twenty-suite apartment block for the housing of tuberculosis patients and their families was suggested at a meeting of the Social Welfare Committee. Officials were instructed to prepare detailed plans, with an estimate of the cost, for presentation at the next meeting.

It was explained that the Commission is responsible for housing an average of about sixteen tuberculosis patients and their families, and that it has been informed that landlords intend to raise the rent of the buildings they occupy from \$5 to \$10 a month.

## COAL IN ALBERTA DOWN, BUT RAISE IS LIKELY HERE

Dealers Say Reduction Impossible; Their Profits Decreased

Coal prices are to be reduced during the summer in those sections of the prairies supplied by the Drumheller Field, but there will be no reduction to Vancouver Island or Mainland consumers. Indeed, before many weeks have passed it is quite likely that there will be an increase. In present prices, coal dealers who have been questioned on the subject inform The Times.

"There is absolutely no possibility of a reduction during the summer months such as is taking place in Alberta," one well-known dealer declared. "If operating expenses, increase as they have been doing, however, there is a very great possibility of a further increase before next fall."

"At the present price of \$12.50 a ton Island coal dealers," he stated, "are making less per ton than we were when coal was selling to the consumer for \$7.50 a ton. When we sold for \$7.50 we bought the coal from the mines for \$4.50. That was a spread of \$3. Now we sell for \$12.50 and buy for \$8.50. This is a spread only of \$4. Thus formerly there was a spread of \$3 on \$4.50—now there is spread of only \$4 on \$8.50. Formerly there was spread of sixty-six and two-thirds per cent. Now the spread is only forty-seven per cent. The possible profits to the dealer, therefore, are far less than they were."

"As matters now stand the cost to the retailer of labor and distribution has increased from fifty to one hundred per cent, while the spread between the mine and the dealer has decreased in the same time twenty per cent. At the present time too, it must be remembered, twice as much capital is needed to run our business as was the case when coal retailed for \$7.50."

"Under these conditions I should be glad to make a profit of seventy-five cents on every ton of coal I sell. I don't, though. There is not one ton of coal which I sell for \$12.50 for which I don't pay more than \$11.75 delivered at the consumer's door."

The dealers point out that the demands for wages on the part of labor are increasing constantly, both at the mines and in the retail business. Other expenses connected with operations, too, are advancing, so that and decrease in price to the consumer will be impossible unless there are extraordinary and unexpected changes in general conditions. On the other hand, it is stated, the dealers are fighting to prevent a further increase in the price to the consumer. In Vancouver they point out, coal is selling for \$13.00 and, it is understood, a twenty-five cent increase is about to go into effect.

In view of these facts, the dealers are urging the public to get in stocks of coal this summer in preparation for next winter when the price, in all probability, will advance materially.

## AMERICAN WRITER IN FINNISH JAIL

Washington, April 19.—John Reed, an American magazine writer, who was reported recently to have been executed in Finland, is in jail at Abo, Finland, on charges of smuggling, according to advices from the American Charge d'Affaires at Helsingfors made public by the State Department.

### WAGE AGREEMENT.

Toronto, April 19.—Toronto carpenters and cabinet-makers, including saw and door-makers, have signed an agreement with their employers for a forty-four hour week and seventy-five cents an hour, with the abolition of all piece work.

## NERVOUS, THIN, AILING WOMEN

Vinol Will Enrich Your Blood, Banish Nervousness, Make You Strong and Well

Physicians Recommend Vinol and Druggists Guarantee It

Pale, nervous, ailing women always tired, and often fussy, make homes unattractive and unhappy. You can readily change that tired, dragged-out, listless feeling to one of buoyant health by building up your blood, nerve and muscle tissue with VINOL.

It makes red corpuscles and enriches the blood, quickens the circulation, creates a hearty appetite, promotes sound sleep, strengthens the nerves and imparts renewed vitality, energy and vim to every organ in the body. The step quickens, the eyes brighten and a clear, healthy complexion replaces that pale, sallow color.

If such women could only realize the change that VINOL will make in their appearance, by restoring strength and health, they would not rest until they started its use.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and children, there is no remedy like VINOL. Your druggist will return your money if Vinol fails to benefit you.

**CAPTAIN ERNEST HILL**, of Portland, Me., who says he was not able to report for duty before taking Tanlac. Declares he feels like a new man now and is on deck every day ready for work.

"I feel just like a new man since I began taking Tanlac, and I am not only willing, but I am anxious to tell other people what this medicine has done for me," said Captain Ernest Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hur, plying between Portland and Casco Bay. He has been in the service for ten years, and is held in high regard as an officer and citizen by all who know him.

"I have suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and at the time I started taking Tanlac I was in such a weakened condition I could hardly stand up. When I walked I would actually stagger like a drunken man and at times would have to hold on to something to keep from falling. After every meal I would simply suffer torment. My food would sour and I would swell up so with gas I could hardly get my breath."

"I would also have awful smothering spells at night and sometimes I would have to get up to get my breath. Lots of times I would have to open the windows and doors to let in fresh air, or go out into the open air in order to get my breath. I could not find anything to do me any good and along toward the last I became so weak and nervous I could not do my work."

"Five bottles of Tanlac have made a wonderful change in my condition. It helped me from the very first dose and now I feel as good as I did when I was twenty years old. I sleep fine and have a fine appetite and just feel like a new man in every way. I am now able to be on deck every day ready for duty."

Tanlac is sold in Victoria by D. E. Campbell, corner Port and Douglas, and Lang's Drug Store, Esquimalt Road.

## NO POISON GAS AS ANTI-GRASSHOPPER WEAPON ON PRAIRIES

Ottawa, April 19.—(Canadian Press).—There is no likelihood of poison gas being used to stop the grasshopper plague throughout the prairie provinces, it is announced by the Department of Agriculture. Returned men in the service of the Department and well acquainted with the use of the gas, believe it would destroy vegetation.

## PRESS CONFERENCE IN THE DOMINION

London, April 19.—(Canadian Associated Press).—There is a long editorial in The Morning Post regarding the coming sessions of the Imperial Press Conference in Canada. It recalls that at the first conference, held in London, leading authorities of the Empire expounded in semi-confidential discourses the current policy of the Government regarding military, naval and foreign affairs. The paper admits that a conference held outside of Britain stands differently, but still considers it very desirable that the Empire should have some definite aim in view.

"The Canadian Press Conference is a new experiment and it has got to find itself. We have to trust the many able men behind it to discover the inspiration that will turn it to adequate account," it says.

## GERMANS MAY USE PORCELAIN COINS

Dresden, April 17.—Via London, April 19.—If experiments now being conducted at the Royal Porcelain Company's factory at Meissen are successful Germany may soon have two and five-mark coins made of porcelain in general circulation. The composition is not only light and compact, but hygienic because the coins would be washable, the same as cups and saucers.

The proposed coins also are said to be noiseless and difficult to counterfeit.

## NEW INCOME TAX RULES IN FRANCE

Paris, April 19.—The Chamber of Deputies yesterday voted for an increase in the income tax of twenty-five per cent. in the case of bachelors more than thirty years of age, as well as divorced persons, except where there are dependent children. The income tax was increased ten per cent. in the case of persons who have been married two years but are childless. Taxpayers who are war pensioners are exempt for ten per cent. in validity are exempt.

### GREEK PROROGATION.

Athens, April 18.—(Havas).—A decree has been officially published proroguing the Chamber for three months. The Opposition has proposed a manifesto to the people of Greece declaring that the present Chamber is constitutionally non-existent.

## THE TELEGRAM INCIDENT.

There really was no occasion for the telegram incident which enlivened the closing hours of the legislative session. This is not to say that the receipt of the two messages which created the disturbance could have been avoided, since there is nothing to prevent Mr. Elliott or anybody else sending telegrams of protest or rage to anyone or anybody against whom he may think he has a grievance, and if he is willing to pay for them the telegraph company naturally will deliver them.

But those messages should not have been read in the House, not only because they have no status as legislative business, but because by the course that was adopted they were given a measure of distinction and authority they did not deserve. If the Legislature of British Columbia, with this incident as a precedent, is going to pay as much attention to every attack upon its integrity or personal onslaught upon its leader, from a lawyer or agent either seeking this means of influencing action favorable to his clients or a thirst for vengeance because he has failed to obtain such action, it will have a very busy time in the years to come.

The author of the messages wanted to create a sensation, for one or other of these reasons, through the Legislature and the introduction of his communications to the floor of the House enabled him to do so. Instead, they should have been duly acknowledged and filed by the Premier without reference to the Legislature. In that case Mr. Elliott, no doubt, would have made them public through the press, especially The Sun of Vancouver, which appears to be collaborating with him in promoting the interests of the late owners of the Dolly Varden Mine; and they could have been answered through the same medium, if an answer was deemed to be called for. Although Mr. Elliott injured himself and his cause more than he injured the Legislature by his diatribes, the Legislature, in our opinion, made itself considerably absurd, first by listening to them and then by agitating itself over them.

## OVERALL CLUBS.

Overall clubs are springing up in many parts of the United States in protest against the high cost of clothing. But the Wheatland, Pa., organization is nothing if not thorough. So far has it gone in its zealous endeavors to administer a jolt to the purveyors of normal male attire that it proposes to subject those of its members who fail to live up to their obligation to total immersion in the Erie Canal. Hence the subscriber to the tenets of the club must perforce attend his place of business and the society hall clad in his comfortable—if not ornate—suit of denims if he has any rooted objection to an unceremonious "ducking." It is pointed out, too, that membership of the Wheatland association is comprised of business and professional men, so that if the movement takes on any impetus and extends to this country we may expect the members of our Provincial Legislature to reach Victoria next January clad in field uniform of the "union" pattern.

## KEEP OFF THE COURTS.

During the discussion on the bill confirming the present ownership of the Dolly Varden Mine, several speakers on both sides warned the House against attempting to put itself in the place of the courts by enacting special legislation presuming to settle issues which should be ventilated and determined by the courts. That warning is very much to the point and should be duly weighed and digested by the members of the House. While there may have been cases in which the intervention of the Legislature in this way has been called for, such intervention should be of the rarest kind and dictated only by circumstances of the most exceptional character. The business of the Legislature is to pass laws for the welfare of the Province as a whole. It is for the courts to determine, when those laws are challenged, whether they are just or not and to reveal wherein they need correction. The Legislature has enough to do without trespassing upon the functions of the courts, apart from the questions of its competency to perform those functions or the effect such intervention has upon the administration of justice in this Province.

## A USEFUL RESOLUTION.

To charge the Government with timidity because it chooses to obtain the opinion of the Legislature upon matters of important public policy is comical to a degree. Nevertheless the Leader of the Opposition took exception to a resolution moved by the Hon. John Hart on Saturday morning because it sought to take the House into its confidence and obtain the benefit of its endorsement in the matter of a proposal to appoint a committee to investigate and report upon a civil service superannuation system and a pension plan for municipal policemen and firemen.

Very rightly is a matter of this kind one upon

which the Government possesses every authority to proceed upon its own initiative; but there should be no objection on the part of the taxpayer to a course which refers any part of the business of the country to the duly elected representatives of the people as a whole. It is difficult, therefore, to understand the process of reasoning adopted by the Opposition Leader whose suggestion to the Government—its authority unquestioned—is diametrically opposed in principle to the very arguments he has advanced on the floor of the House on the numerous occasions when he has addressed it upon the Government's alleged lack of support from the electorate. The Provincial Executive, after all, is responsible to the Legislature as a whole, and it is during the annual session of the House that an opportunity is presented to obtain as much instruction upon policy, particularly when that policy is of a progressive and novel type, as possible.

Mr. Hart's resolution, therefore, is one that very properly should be passed upon by the representatives of the people, although its importance, on the other hand, does not determine that it necessarily should be treated differently from the many subjects of equal significance with which the Cabinet is called upon to deal during the recess. The fact remains, too, that it is an inherent right of the Legislature to initiate legislation.

## AN IRISH VERDICT.

According to a dispatch from Cork a verdict of wilful murder has been returned against the Prime Minister of Great Britain in connection with the death of Lord Mayor MacCurtain. The jury similarly has reached the decision that the "murder" was organized and carried out by the Royal Irish Constabulary, officially directed by the British Government. In other words the yarn concocted by one of the earliest witnesses has been improved to the limit of ludicrousness. This brilliant wit informed the jurors that he had seen eight men in civilian clothes "march" out of the front entrance to the Mayor's residence and return, company fashion, so to speak, to the police headquarters. It may be presumed that the "crime" will not weigh too heavily upon the Prime Minister's mind o' nights.

## SUGAR.

Unless British Columbia can rely upon a sufficient supply of sugar during the coming Summer the effect upon the fruit industry of this Province will be far-reaching and serious. For that reason it is to be hoped that the Dominion Government will take prompt notice of the resolution passed by the Provincial Legislature on Saturday morning and initiate such steps in connection with this country's sugar supply as may insure not only the various dependent industries against shortage but give to the consumer an adequate allotment. While the recent report of the select committee of the House did little more than to emphasize the helplessness in which this Province found itself last Fall, it also recommended official action to the end that the Government of British Columbia might obtain its own supplies and protect its industries and its own people. Two orders already sent to eastern refineries, however, have produced no results. In one case no reply has been received and in the other was a plain statement that there was no supply to offer. If this answer reflects the general state of the market—and we should suppose that it does—the sooner the various provincial governments bring pressure to bear upon the authorities at Ottawa to give effect to its regulative machinery the sooner will the conditions improve.

What's the use! Overalls will simply jump out of sight, like everything else in consequence of any unusual demand for them.

The Montreal Gazette, which is proud of its standing as the special organ of monopoly and special privilege, does not like the way the Drury Government is doing its business. That ought to be a boost for the Drury Government.

PENSION INCREASES  
(The Manitoba Free Press)

A statement made by the British Pension Board to Parliament on December 19 last showed that the Canadian pensions were more liberal than those of any other country. The total disability (weekly rate) given by the different countries was: Canada, 47s 11d; Britain, New Zealand and South Africa, 40s; Australia, 30s; France, 37s; Italy, 19s 4d; United States, 28s 10d. The Canadian pension was reported to be similarly favorable for dependents and partially disabled men. On December 24, however, the United States raised their total disability pension from \$365 for a man with out dependents and \$910 for a married man with three children to \$960 and \$1,250 respectively. And only a few days ago the Australian Government introduced a repatriation bill which raises the pension of totally disabled soldiers from \$279 for a single man to \$329 for a married man with three children, to \$4 per week (roughly \$1,000 a year) and \$6 (roughly \$1,500) respectively. Australia's war burden was already very heavy. Her war debt is \$1,500,000,000; the new gratuity which she lately gave her soldiers cost \$140,000,000, and her pension list was already \$15,000,000 a year.

A FEW DON'T'S.  
(From Forbes Magazine.)

Don't work three hundred and sixty-five days a year, notwithstanding that some other Trojans did that year after year in their days of struggle. Take vacations.  
Don't, however, let pleasure-seeking supplant success-seeking.  
Don't become wholly self-centred.  
Don't succumb to the temptation to be too busy to have any time to be rationally sociable.  
Don't cultivate exclusiveness.  
Don't forget that there are no express trains to the summits of success.  
Don't look for any escalator to do the climbing for you.  
Don't depend upon others to push you along.  
Don't count upon any "pull" which you yourself did not create.  
Don't fancy that others succeeded because of mere luck and that you are where you are solely because luck did not come your way.  
Don't expect to hear Opportunity knocking at your door until you have trained yourself to recognize her when she comes.  
Don't eat more than you feel you have to.  
Don't oversleep.  
And, finally:  
Don't forget that things are apt to go right if you do.

SOLDIERS' FEES FOR  
DIVORCE TRIBUNAL

(Continued from page 1.)

ment to commence to set aside public funds to prove that the wife had been unfaithful to her husband, apart from the fact that neither the Government nor the Commission could set out on the assumption that there was only one side to the case.

The Attorney-General was of the opinion that this question already had come within the practical purview of the Commission in a manner which had proved workable. If there were additional cases, however, rightly demanding the attention of the Commission he preferred that the circumstances be placed in possession of Dr. MacLean, himself, and officers of the Commission, so that a recommendation for procedure in respect of these special cases might be made to the Executive Council were it necessary to treat them in a more comprehensive manner than that adopted by the Commission hitherto.

Mr. Young declared that the Ex-Service Council did not wish to press any claim for a general application of the policy deemed necessary. Only upon full satisfaction being given to the Commission, he said, would it be reasonable to expect either monetary or legal assistance from the Department. He was satisfied, therefore, to leave the matter to the attention of the informal conference suggested by Mr. Farris.

## Taxation.

Mr. Boggs, a member of the delegation asked the Cabinet if returned men suffering under the burden of accumulated taxes in unorganized districts might depend upon assistance from the commission where the merits of the case appeared to warrant. Mr. Boggs assured the Premier that the Ex-Service Council understood the somewhat impractical nature of the Hawthornthwaite resolution, whose discussion in the Legislature had been followed closely by the returned men; at the same time he wished to have the Government's assurance that men in the unorganized territories would be protected.

## Already Intended.

Mr. Oliver assured Mr. Boggs and the other members of the delegation that he had not had time to discuss the question with the executive since the adjournment of the House; he felt, however, that he could give an assurance that cases in point would be considered purely on their merits, and that the Government, through the Returned Soldiers' Aid Commission, would be prepared to work along those lines.

The delegation then tendered thanks and withdrew.

ANARCHISTS IN  
TORONTO URGE MAY  
DAY DISORDERS

(Continued from page 1.)

nounced. He said he had been empowered to speak for all the clerk and freight-handlers.

Little Hope. Wortell did not announce the demands to be presented, but said there "seemed little chance of compromise," and the men probably would strike Tuesday.

In the switchmen's unauthorized strike continued improvement in traffic conditions throughout the central and far west was noted.

On the Pacific coast railways operated to-day for the first time since the strike without embargoes on perishable freight.

## Ten Arrested.

As a result of a new Federal descent on strike leaders at Chicago, ten were arrested. Nine were released on their own recognizances to appear to-day and make bonds of \$10,000 each, but Harold Reading, chairman of the board of directors of the United Brotherhood of Carriers, was sent to jail when he would not pledge himself to stay away from strike meetings.

## Back to Work.

New York, April 19.—Striking railroad employees continued to flock back to work in New York and vicinity to-day despite efforts of radicals, and railroad officials asserted conditions were approaching normal.

J. J. Mantell, spokesman for the

consider alleged radical activities  
among the strikers.

## Labor Board.

Washington, April 19.—The railroad  
Labor Board announced to-day it  
would not consider complaints from  
striking railroad men.

The Board's statement said it  
would not "receive, entertain or con-  
sider" any application or complaint  
from any parties who were not com-  
plying with the Transportation Act or  
who were not adopting every means  
to avoid interruption of the opera-  
tion of the roads growing out of any  
dispute. Immediately after the  
statement was made public, spokes-  
men from New York, New Jersey, New England  
and the Middle West were received by  
the Board. They were accom-  
panied by Representatives Eagan  
and McGinnon of New Jersey.

## Denied.

Request for an immediate hearing  
by the representatives of the strikers  
was denied.

Chairman Barton said that under  
the rules adopted by the Board, writ-  
ten complaints must be first filed with  
the secretary showing by express  
statement and facts set out that the  
dispute was one which the Board  
was authorized to consider.

Declaring there were 800 men out  
in New York who were waiting work  
from him that the Board would grant  
substantial increases, Edward Mc-  
Hugh, of New York, representing the  
strikes of the metropolitan district,  
said he would try again to get the  
case before the Board as the men he  
represented would not return to work  
until the Board had agreed to act.

ALLIED LEADERS SAY  
GERMANY MUST LIVE

compromise may take the form of an  
ultimatum to Germany with the  
threat of applying effective com-  
pulsion without indicating what form  
the compulsion will take.

## Turkish Treaty.

San Remo, Italy, April 18.—Via  
London, April 19.—(Associated Press)  
—Questions in connection with the  
peace treaty with Turkey will com-  
prise the first business to be taken up  
by the Supreme Council of the Allies  
at its first formal session here to-  
morrow. This was decided upon at  
a conference to-day in the Duvachan  
Palace, where the sessions are to be

held, attended by Premiers Lloyd  
George of Great Britain, Nitti of  
Italy, and Millerand of France, for  
the arrangement of the official pro-  
cedure. With the Premiers were  
Foreign Minister Scialoja, of Italy;  
Lord Curzon, British Foreign Secre-  
tary, and General Berthelot, the  
French Chief of Staff.

## Daily Communiques.

It was agreed that daily communi-  
ques should be issued as upon the  
occasion of previous sessions of the  
Council.

## Poincare's Appeal.

Paris, April 19.—(Havas).—A de-  
mand that the Allies, during the San  
Remo meeting this week, resist all  
attempts to revise the terms of the  
Versailles Treaty with Germany, are  
made by Raymond Poincare, former  
President of the French Republic, in  
an article published by The Mathin.  
France and Belgium have been "de-  
prived of guarantees" by the failure  
of Great Britain and the United  
States to put the tri-partite conven-  
tion into operation, he says, and the  
League of Nations is as yet without  
means of action.

## Congratulates Millerand.

Premier Millerand is congratulated  
by M. Poincare for the wisdom he  
showed in pursuing a "wise policy  
in view of the necessity of stopping  
the military movement leading the  
Allies to the precipice," and it is de-  
clared the Allied Governments  
should protect France against Ger-  
many. M. Poincare asserts Germany  
is "violating the Versailles Treaty  
and avoiding all engagements," and  
that France and Belgium could not  
have done otherwise than advance  
east of the Rhine when German regu-  
lars invaded the neutral zone in the  
Ruhr Valley.

## Occupation.

the Allied Premiers in San Remo at  
the meeting of the Allied Supreme  
Council.

Premiers Lloyd George, Millerand  
and Nitti held a brief meeting Sun-  
day night and agreed in principle on  
the necessity of forcing Germany to  
disarm, the newspaper declares, but  
were not agreed as to the best  
means of procedure.

## Coolness Vanished.

There was a certain coolness be-  
tween M. Millerand and Premier  
Lloyd George at the opening of the  
meeting, but it vanished in a short  
time and utmost cordiality prevailed  
at the close, according to this report  
of the meeting.

## SIBERIAN SITUATION IS VERY CRITICAL

Passengers Arriving on Empress of Japan Bring Reports From Vladivostok

A state of utter chaos in Siberia is reported by Joseph T. Brady, of New York, a Knight of Columbus official, who arrived on the Empress of Japan last evening. Mr. Brady was in France with the American Army, and was later transferred to the American corps in Siberia, which is now finally removed from the stricken country.

Americans, when he left Vladivostok, were anticipating reprisals by the Russians on the Japanese. The latter had the upper hand, but were cordially hated, and the resultant trouble reported in the cables of the last two days came with no surprise to the Americans who arrived here on the steamer.

When they were in Japan, at Tokio and Yokohama, awaiting a steamer, the latest news on Kolchak's Army, or rather the remnants of it, was that it was concentrated at Chita.

### The Situation.

General Syrobovsky, who claims to be the personal representative of General Semionov's forces, which have effected a junction with those of General Ivanov Rlyov, has reached Tokio, and reports the conditions in Central Siberia to be very serious. Thousands of people are in a starving condition. Disease, cold, and hunger have done deadly work among the refugees.

Another report from Vladivostok states that V. D. Vilensky, an envoy of the Soviet Government, declares that Semionov has only a small force at his disposal.

He is afraid of General Voitzekovsky, and wants to cross over to the territory of the Chinese Eastern Railway and there recruit new forces. The Chinese military authorities, however, have flatly refused to give Semionov permission to pass through Chinese territory with his armed forces says Vilensky.

"General Voitzekovsky, apparently, wants to get rid of Semionov," Vilensky is reported to have said. "He believes his own forces will be safer with Semionov out of the way. He has, moreover, forces large enough to exterminate Semionov, for a very large force would not be needed for that purpose."

### Hardly a Fighting Force.

"However, Voitzekovsky's forces, although 3,000 strong, contains a very large proportion of ineffectives. It is hardly worthy to be called a fighting force. It is a pitiful group of men worn out by the long march, the majority ill with typhus and with frost-bite. The strength now is 3,000, but these numbers are dwindling through death and desertion."

"Besides making his appeal to the Revolutionary Government at Vladivostok, Voitzekovsky is trying to save what is left of Semionov's forces by a compromise with the partisans. In the Trans-Baikal there are acting quite independently of the Irkutsk authorities, the united forces of the local partisans, who are out to capture all the important centers on the Trans-Baikal Railway."

## VICTORIA BOYS SCOUTS' ASSOCIATION

Patron—His Majesty the King.

Patron for British Columbia—His Honor the Lieutenant-Governor.

Gordon Head Women's Institute.—A demonstration of pastry-making by Mrs. E. W. Darcus was the chief feature of the monthly meeting of the Gordon Head Women's Institute on Wednesday afternoon last. The results of the demonstrations were enjoyed by those present, together with tea and other refreshments served by the hostesses Mrs. (Capt.) K. C. Campbell and Mrs. J. Ballantine. The Institute is desirous of helping several needy cases which have been brought to their notice, and those

willing to make donations of clothing, are asked to get in touch with the secretary, Mrs. Ballantine, telephone Gordon Head 88. The meeting plans for the holding of a silver tea on April 29 at the home of Mrs. G. F. Watson who has kindly offered her residence, "Thrum" for the purpose. The proceeds will be handed over to the Victorian Order of Nurses towards the furnishing of the operating room in the Spanish Health centre. A demonstration of baking will take place at the next meeting of May 12.

## Social Personal

Local friends of the bridegroom will be interested in the following marriage announcement from The Seattle Times of Sunday's date: "The wedding of Miss Verona Adams, daughter of Mr. and Mrs. Albert P. Adams, and Jack A. Rowlands, son of Mr. and Mrs. H. Rowlands, of Victoria, was solemnized at Christ Church, Brooklyn Avenue, at noon Wednesday, April 7, in the presence of relatives and a few intimate friends. Rev. Willis Stone read the service. Easter lilies and pale pink carnations made a charming decoration for the altar. The bride's twin sister, Miss Vivian Adams, who was her only attendant, wore pink organdie with a pink organdie hat to match and married a bouquet of pink sweet peas and Ophelia roses. The bride, groomed in ivory satin, came in with her father. Her veil was of silk and her flowers were lilies of the valley and maidenhair. Mr. Tom Rowlands, of Victoria, brother of the groom, waited with him at the altar. Following the ceremony an informal reception was held at the home of the bride's parents. Here Miss Mildred Ranning, with Miss Blanche Ranning at the piano, sang "O Promise Me" and "I Love You Truly." After a wedding breakfast Mr. and Mrs. Rowlands left on their wedding trip. Among the out of town guests at the wedding were Mr. and Mrs. W. H. Rowlands, of Victoria, and Mrs. Ora Francis, of Portland."

From The Vancouver Daily Province: "Mr. and Mrs. J. W. Boyd, 'Beaconsfield,' Bute Street, entertained last evening in honor of Mr. and Mrs. Frederic Pollard, of Japan. Covers were laid for twelve and the rooms beautifully decorated with narcissi and daffodils. The visitors, who came by way of San Francisco and Victoria, are en route to New York and the Old Country for a few months' visit. Mr. Pollard is a prominent silk grower of Yokohama and has brought his daughter to be educated in Victoria, where her brother is already. Mr. Pollard was a guest at the Kinania Club luncheon Thursday and gave a short address. They expect to return in July in order to spend the Summer holidays in British Columbia with their children."

At the Church of Our Lord, Humboldt Street, on Wednesday evening, April 14, the marriage was solemnized by the Rev. A. de B. Owen of Mrs. Charlotte Elizabeth Thomas and Frank Simons. The bride was given away by her brother-in-law, Mr. Graham, Mrs. J. A. Jeeves was matron-of-honor and J. A. Jeeves supported the bridegroom. After the ceremony a reception was held at the home of the bride, 93 McClure Street, a large gathering of friends attending to felicitate the popular couple, who were the recipients of many handsome gifts.

Nursing Sister Geta Clark left on last night's boat on an extended visit to New York and other Eastern cities where she will visit all the large hospitals, returning via California. Miss Clark is a graduate of the Jubilee Hospital. She went overseas in 1917, only returning five months ago, during that time she has been doing private nursing here. She will be missed among her friends and patients as she was a general favorite, and all wish her a pleasant trip and look for her return. She is a sister of G. C. Clark, of the B. C. E. Railway.

The many friends of Lieut. Col. J. Mervyn Prower, D. S. O., formerly of Kamloops, B. C., will be interested to learn of his marriage, which took place in London early last month, to Miss Ella Sylvia Mundy, of Kensington. The bride has been a member of the Women's Land Army, and for her wedding the church was decorated with daffodils and primroses sent by "land girls" in Wiltshire and Oxfordshire. Col. Prower is taking a course at the staff college at Camperley.

The Women's Auxiliary to the G. W. V. A. has arranged to hold a silver tea in Christ Church schoolroom on April 28 at 2.30 p. m. Very Rev. Dean Quainton will preside. Afternoon tea will be served, and there will be a sale of home cooking. A musical programme is also being arranged to add to the enjoyment of the occasion.

Mr. and Mrs. J. Macdonald Fahey returned to Victoria last week from New York, where Mrs. Fahey appeared in recital with conspicuous success, and are receiving a cordial welcome home from their many friends.

H. G. Garrett, Superintendent of Insurance for the Provincial Government, with Mrs. Garrett and their three children left on Saturday afternoon for the East enroute for England, where they will spend a six months' holiday.

R. Farold Boyle, of Nottingham, England, overseas trade representative of a leading firm of lace manufacturers, is at the Empress Hotel. He is making an extensive tour in Canada, and has travelled widely in recent years.

F. J. Stacpoole, K. C., Registrar-General, has been visiting in Vancouver for a few days, the guest of Dr. and Mrs. T. Glendon-Moody, Shaughnessy Heights.

The Misses Tiny and Barbara Monthie left on Saturday afternoon for Los Angeles, California, where they will remain for several months.

Miss M. D. Sibbald, of the staff of Yarrow, B.C., left on Saturday afternoon for the Old Country on a three month's vacation.

Col. J. S. Dennis has arrived in the city from Montreal, on account of Mrs. Dennis's illness here.

Mrs. H. H. Murray, of Seattle, is registered at the Empress Hotel.

L. B. Teters, of Montreal, is registered at the Empress Hotel.

Brigade as the result of a successful tea held at the Sailors' Home, Esquimalt, on Saturday afternoon, under the auspices of the Parents' Committee of the Brigade. Tea was served at flower-bedecked tables by the following ladies, headed by their convener, Mrs. Spaven, and assisted by Masters Davis, Martin and White of the Brigade, and Mesdames W. R. White, Mossop, Elford, Maurice, Sinnott, Ranns and Hotham. During the afternoon two raffles were conducted, George G. Bushby winning the candlestick with ticket No. 9072, which was immediately auctioned, and Mrs. Hotham winning the baby's frock. Musical selections by Lieut. Finlayson and his two daughters added much to the pleasure of the afternoon.

TO APPEAR IN JOINT RECITAL NEXT MONTH

The 1919-1920 musical season has been one rich in fulfillment, for many leading artists have contributed their talent to its harvest and Victoria can look back on a series of enjoyable concerts. But there is yet much in store before the season wanes, and the announcement that Mrs. Gertrude Humber Green, the pianist, and Miss Mary Izard, the violinist, will give a joint recital on Thursday, May 13, will be welcomed by a wide circle of music-lovers in this city and throughout Vancouver Island. So well-known is Mrs. Green as an exceptionally gifted pianist that further comment seems superfluous. With Miss Izard and Miss Eva Hart,

she gave a concert this week in Nanaimo, the three artists winning the highest praise from an appreciative audience. The concert on May 5 will mark Miss Izard's last public appearance before her return to England, and the pleasure awakened by the news of the pending recital will be linked with regret that Victoria is so soon to lose an artist who has attained a high place in popular favor during her all-too-brief sojourn here. Miss Izard is at present in Prince Rupert, where she will appear in a concert. The forthcoming recital will be under the auspices of the Ladies' Musical Club and, as far as is at present known, will be held at the Royal Victoria Theatre.

## MAKE PRESENTATION TO PREMIER OLIVER

Final Social Function For Members of Legislature Held Saturday

One of the most pleasing events in connection with the session of the Legislature was the Premier's dinner party on Saturday evening, in the ballroom of the Empress Hotel, when Mr. and Mrs. Oliver entertained the members of the House, their wives and daughters, and a few other friends.

His Honor, Lieutenant-Governor and Mrs. Prior, were the guests of honor, while also included among the guests at the Premier's table were Mr. Speaker Keen and Mrs. Keen, and W. J. Bowser, K.C., Opposition Leader, and Mrs. Bowser.

The tables were most tastefully arranged, and the hotel orchestra, under the baton of Prof. Turner, provided a delightful programme of music. Following dinner, which was much in the nature of a jolly party, a toast list was disposed of. Charles W. Nelson, Government whip and member for Slocan, officiated as toastmaster, first proposing the toast to the King. Premier Oliver proposed the toast to the Leader of the Opposition, to which Mr. Bowser fittingly replied, paying tribute to the many sterling qualities of the Government chief.

A toast to the members of the Legislature was proposed by Mr. Ivel, of Victoria, while Mr. Nelson proposed the toast to the ladies. To this Mrs. Ralph Smith, lady member for Vancouver, fittingly replied. Mr. Nelson also toasted the Press, the response being made by R. R. Walker.

Following the toast list, Premier and Mrs. Oliver were presented with a handsome silver tray. Mr. Oliver, deeply moved, expressing the heartfelt appreciation of himself and wife. He briefly reviewed some of the high lights of his career, a story in itself of intrepid pioneering.

The singing of the National Anthem ended the dinner party.

## MR. AND MRS. McDEVITT LEAVE FOR PHILADELPHIA

Mr. and Mrs. McDevitt, who have resided in Victoria for the past five years have left for Philadelphia. On the evening before their departure a very enjoyable dinner was given them by the Wednesday Club of which Mrs. McDevitt was a member. The affair took the form of a Progressive Dinner, and the guests were the husbands of the members of the club.

The first two courses were served by Mrs. R. L. Miller and Mrs. W. H. Munzie, at the home of the latter, on Belmont Ave. The decorations on the long table at which twenty were seated were extremely artistic. A large silver basket filled with Cecil Bruner roses and ferns occupied the centre of the table and festoons of pink tulle interwoven with asparagus plumosa were carried from the chandelier to four silver candle sticks in which were pink shaded candles. Dainty pink and white place cards daintily out the color scheme. The next course was served at the

residence of Mrs. J. O. Cameron, who was assisted by Mr. D. O. Cameron and Mrs. Jamie Cameron. The dining room and table were decorated lavishly with daffodils. A miniature lake in the centre of the table, encircled by a bank of moss in which yellow primroses appeared to be growing. Small yellow candles on each place card added to the effectiveness of the other decorations. The party went next to the home of Mrs. Burgess, on Victoria Ave., Oak Bay, where Mrs. J. A. Griffith assisted in serving a delicious salad course. The table was artistically decorated with tea rose buds and tulle in pale shades of pink, mauve and green.

The last courses were served by Mrs. W. O. Cameron and Mrs. George Brown at the latter's home, on Harbinger Ave. A most effective decorative idea was carried out in the warmer shades of pink combined with very pale pink flowers. The party then returned to the home of Mr. and Mrs. J. O. Cameron, where music and dancing were enjoyed until a late hour.

## "ILLOGICAL, BUT CHARMING"

LADY ASTOR, M. P.

who took part in a discussion in the British House of Parliament recently on the subject of enfranchising women from twenty-one years to thirty years of age. Col. Stree, after describing Lady Astor as "capricious and illogical, but a charming woman," suggested that the voting age should be raised to twenty-nine, as before that age women were "capriciously capricious, fascinatingly futile, irresistibly irrational, ingeniously inexperienced, politically pusillanimous and wholly and charmingly incomprehensible," and therefore he did not want woman to have her nose in politics until she knew what she was about.

Girls Raise \$35 for School.—The twenty-five girl members of the Forward Adult Class of St. Andrew's Presbyterian Sunday School, under their teacher, Mrs. J. D. Simpson, raised \$35 at their daffodil tea Saturday afternoon. Miss Dorothy Dorrell, Miss C. Hamilton, Miss Eleanor McEwen, Miss Ethel Pottinger and M. Dobbs sang. Miss Margaret Campbell and Miss Grace Hall played. Miss Betsy Inglis, Miss Grace Wood and Miss Dorothy Spring had charge of the stalls selling home-made dainties.

## CAPT. WALLIS WEDS ALBERTA GIRL

Well-known Victoria Athlete  
Married in Vancouver  
Saturday

CAPT. P. R. M. WALLIS, M.C.

The marriage was solemnized in St. John's Presbyterian Church, Vancouver, on Saturday of Capt. P. R. M. Wallis, M.C., of this city, and Miss Vera Macmillan, daughter of Mr. and Mrs. Daniel Macmillan, of Edmonton and upon their return will make their home in Victoria. Captain Wallis is widely known in Victoria through his association with military and other athletic circles. He went overseas with the Canadian Scottish in 1914 and saw service until the end of the war.

## The Plague of Pimples

Body Covered With Them

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N.B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me, and there is no sign of them returning. I can strongly recommend B. B. B. to anyone who is troubled with skin disease."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## NEWS IN BRIEF

**To Address Kivansians.**—C. J. Kay, president of the Columbia Paper Co., Ltd., will address to-morrow's luncheon of the Kivans Club at the Dominion Hotel on "The Paper and Pulp Industry in Canada." Mr. Kay has made a special study of the paper situation in Canada, and his talk will prove very interesting in view of recent developments in this industry.

**Mrs. H. Campbell and Mrs. C. H. Dennis** will sing a duet.

**Tillicum Women's Institute.**—Under the auspices of the Tillicum Women's Institute, a social gathering will be held at the Tillicum School on Friday evening next at 8 p.m., when Harold M. Cross will speak on "The Necessity of Organized Play." School trustees have been asked to suspend the meeting to talk over school conditions.

**Eighty-three Men Get Jobs.**—Through the Victoria office of the Employment Service of Canada 83 men found employment during the past week, which was an increase of ten per cent over the number provided with work during the preceding week. It is expected that this week will see the placing of a small army of men through the commencement of work at the Chalmers shipyards. There still remains a large list of unemployed men, professional, business, trades and laboring, who seek employment.

**G. W. V. A. Hold Smoker.**—The final smoking concert of the G. W. V. A. will be held in the present quarters took place on Saturday night. The next smoker will be held on May 1 in the Knights of Columbus Hall, which will be the new home of the Great War Veterans.

**Comrades Will Meet.**—A special meeting of the Comrades of the Great War will be held to-night at 8 o'clock in the clubroom to consider the report of the delegates who interviewed the Vancouver Chapter of the Comrades in regard to the proposed convention. Several important matters are expected to arise out of the report, and every member is asked to be on hand to lend his support. A house committee has been appointed to supervise the conduct at the clubrooms. One member of the committee is as follows: Comrades Anderson, Britton, Henderson and James. Comrades MacKenzie and Anderson were appointed as a conference of representatives from all ex-servicemen organizations to discuss the matter of amalgamation.

**Royal Society of St. George.**—Friday next, April 23, is St. George's Day and Englishmen and women in Victoria are working energetically to make the festival a success. The Royal Society of St. George, of which the Prince of Wales is president, is the body which is sponsoring the day and the members of the society have arranged to celebrate the English national day by holding a banquet in the Armory, Bay Street, Brig-Gen. Ross having kindly consented to allow the society to use the Armory. After the banquet the gathering will be addressed by the Rev. Dean Quinlan, the president of the local "Royal Society of St. George," the Premier, Hon. J. Oliver, and old English songs will be rendered by the best talent in the city. To-night all the members of the society will meet in the board room in the Belmont block, where reports of the different committees will be submitted, after which Mr. Helmsing will deliver his lecture on the attack of Zeebrugge, and the ship which took part in that famous attack. The tickets for the banquet are in the hands of the members, and the cooperation of the Sons and Daughters of St. George and the members of the Sons and Daughters of England, with the members of the Royal Society of St. George assures the success of the celebration.

Dr. O. M. Jones Chapter.—The Dr. O. M. Jones Chapter, I. O. D. E., will hold their regular monthly meeting on Tuesday evening at the headquarters, Jones Building.

**Making of French Presidents.**—Madame Sanderson-Mongin will give a lecture on "The Making of French Presidents" at the Unitarian Church on Thursday evening, April 22 at 8 p.m. The proceeds of this lecture will be handed over to the fund for the assistance of French refugees.

**Dance to Be Held.**—The Harbor Marine Veterans' Association will hold a dance at Alexandra Hall on April 22. The company's orchestra will be in attendance.

**Broke into House.**—Some unknown person broke into the residence of Bert Cox, 69 Moss Street, last night, between 7 and 9 o'clock. The person entered by the front window and from one room took \$65, from another \$23 and from a third room \$2 and a wedding ring.

**Street Car Bumps Motor.**—A delivery auto, owned by the Breadin Dairy, was bumped into by a Gorge street car at the corner of Wilson and Catherine streets yesterday. The street car overtook the motor on the grade. Besides a broken tail-board the motor escaped injury.

**Provincial Women's Council.**—The Provincial Executive of the Women's Council of B. C. will meet at room 202, Union Bank Building, to-morrow, when matters of importance to women will be discussed. Members of any of the affiliated societies interested in the matters to be considered are invited to attend the morning session, which commences at ten o'clock, or the afternoon session at 2 p.m.

**Four Years for Theft.**—George Hannay and William Julien were each sentenced to four years' imprisonment by the County Court at Nanaimo on Saturday. The men were charged with stealing 45 sacks of grain from the Grainsprovers' Association at Courtenay. Both men face five other charges. Both men were recently released from jail. They chartered a boat at Nanaimo and are alleged to have sailed to the coast, where they were caught on the East Coast.

**Cars Collided Yesterday Morning.**—Two motor cars collided with considerable force at the corner of Cook and Fort Streets yesterday morning at 12:55 o'clock. The cars were owned by G. Stillwell and P. D. Morrison. One car was proceeding north along Cook Street and the other was running towards town on Fort Street. One car spun around and stripped a rear wheel on the curb, while the other jumped the curb, smashed down a chestnut tree in the boulevard and lost a front and rear wheel. No one was injured.

**Mayor Went Fishing.**—Mayor Porter and a party of friends spent the week-end fishing at Sooke. He was that is to say they cast their net in the bosom of the lake until they got tired and wondered where the fish were. People who fished with bait, the Mayor reports, did well, but most of the "dead game sports" refused to descend so low might just as well have stayed home. His Worship, however, by dint of his superior skill and patience, captured five smelt and sent one member of the party to the lake with the same success. During his stay at the lake the Mayor examined the pipe line for a considerable distance to see for himself how bad a leakage was occurring.

**OBITUARY RECORD**

The funeral of the late Archibald M. Andrews, of the staff of the Canadian Bank of Commerce, took place Saturday afternoon at 3 p.m. at the funeral chapel at 3 p.m. and proceeded to St. Mary's Church, Oak Bay, where an impressive service was conducted by the Rev. G. H. Aldrich. There was a very large attendance, including the manager and staff of the Bank of Commerce, the president and members of the Pacific Club, while the Army and Navy Veterans in Canada were represented by General Clark, G. A. Kirk and H. J. Young. The casket, which was draped with the white ensign, was covered with many floral tributes from friends of the late Mr. Andrews. The hymns rendered at the church were "Forever With the Lord," and "O God, Our Help in Ages Past." At the conclusion of the service the cortege wended its way to Ross Bay Cemetery, where interment took place in that section set aside for the burial of those who have served the Empire during times of war. The pallbearers were: H. J. Aldrich, N. P. Ferris, representing the Bank of Commerce; W. B. Ryan and J. A. Aikman, representing the Pacific Club; and A. Fagg and A. Simmonds, representing the Army and Navy Veterans.

The funeral of Philip Fraser Johnston, whose death occurred at Monday, took place Saturday afternoon at 2 o'clock from the family residence, 1034 Linden Avenue. The unusually large attendance of friends testified to the esteem in which the deceased was held. Rev. W. L. Clay conducted a very impressive service. The following acted as pallbearers: D. E. Campbell, J. C. Brown, J. Gleason, A. J. Falconer, W. J. McLaren and O. C. Smith. Interment took place at Ross Bay Cemetery.

The funeral of William Standish, whose death occurred at the Royal Jubilee Hospital last Wednesday, took place Saturday afternoon at 3:30 o'clock from the family residence, 1034 Linden Avenue. Relatives and many friends attended the service conducted by the Rev. F. H. Fatt. The hymns sung were "Abide With Me" and "Nearer, My God, to Thee." Members of the Orange Lodge attended the service and read their burial service at the chapel. The remains were taken to-day to Fredrick, Alta., where interment will be made in the family plot.

**TO EXAMINE BIRDS.**

Comox—Major Brookes left on Sunday for Masset, Queen Charlotte Islands, where he will pursue his work. He has been commissioned to furnish the illustrations for a work called "Birds of the North American Continent" to be published by a New York firm.

## SUPERANNUATION BILL NEXT YEAR

Civil Servants, Firemen and Policemen Will Be Provided For Later

Superannuation pensions for civil servants, firemen and policemen will be provided for in an act brought down next year by the Government, according to the spirit of a resolution introduced on Saturday afternoon by the Hon. John Hart, Minister of Finance, and outlined in these columns on Friday last.

The Leader of the Opposition took advantage of the occasion to inform the House that the Government apparently was afraid to assume the responsibility of bringing in such a bill without feeling out the public pulse first by passing such a resolution. Premier Oliver retorted that the Opposition Chief seemed determined to lose no opportunity to take another "slam" at the administration.

The resolution offered by the member for New Westminster asking that the provincial and federal authorities get together on the adjustment of the Vancouver Island Settlers' Rights legislation was withdrawn by the mover, Premier Oliver requesting that this step be taken. He pointed

out that the issue was now a clear-cut one between the two governments and should be left unclouded.

**EXPECT BUTTER FALL**  
California Shipments Crowd Seattle Market With Fresh Stuff; Lower in Portland.

Seattle, April 19.—Seven hundred and twenty cubes of new Californian butter, weighing 43,200 pounds, were delivered on the dock on the arrival of the steamer Governor from San Francisco.

The presence of this butter on the market can have but one effect, it is said—a downward trend. Although some of this butter is being sold to retailers at the market price, a large portion was contracted for at 59 cents. Cost of the butter was f.o.b. Seattle.

Portland, Ore., April 19.—A drop of three cents a pound in the price of butter went into effect to-day. The reason is the increased supplies with the opening up of Spring grading.

**CUMBERLAND G.W.V.A.**  
Cumberland—At a meeting of the Cumberland branch of the G.W.V.A. held on Tuesday night, Mr. W. M. Brown was appointed president in the place of Mr. H. B. Conrod, resigned.

It was reported that the branch was now in a position to proceed with the erection of a war memorial hall and a committee was appointed to wait upon Thomas Graham, General Manager of the Canadian Collieries Company.

## BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and used consistently.

And in preventing Pyorrhea—it guards against other ills.

Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

## Forhan's FOR THE GUMS

## PUT OUT OF OWN HOME

Husband Wins Divorce; Displaced Husband Came to Victoria.

Ely Bayliss, formerly of Edmonton, but now doing contracting work here, got a decree absolute from his wife, Louisa Emma Nora Mills Bayliss, in Mr. Justice Murphy's divorce court to-day. They were married in 1906 at Victoria, Ont., moving afterwards to Alberta. They had six children, five of whom are now living.

Mr. Bayliss swore that Thad Mattison began coming around his home in Edmonton when he was away, and won the affections of Mrs. Bayliss. Mr. Bayliss was then given to understand that his own home was no place for him, so he moved to Victoria. Mattison and Mrs. Bayliss lived together with the children and moved to Victoria a couple of years ago, where they are still living.

Never tasted anything better than

## REFERENDUM WILL CLEAR THE AIR ON PROHIBITION ISSUE

Government Desires Clear Expression With Ex-Soldiers and Women Voting

Legislative Press Gallery.

April 17.

Should prohibition remain in force as the result of the taking of the provincial temperance plebiscite some time after August 15 next, the Provincial Government will petition Ottawa to submit a federal referendum on the question of the importation of spirituous and malt liquor into British Columbia. This is the substance of a resolution passed in the Legislature to-day. It was introduced by Premier Oliver and substantiated the forecast of the Government's intention in this matter, as outlined in these columns on Friday.

As the result of recommendations passed by the People's Prohibition Movement, George S. Bell, Government member for Victoria, moved a resolution asking that a federal referendum be taken instead of the provincial plebiscite. If this were done, he explained, and it was decided by the people to support "bone-dry" prohibition, it would not be necessary to have the second vote taken. Premier Oliver replied that the Province was now running along without a definite expression of the voting public being on record in regard to prohibition. Innumerable returned soldiers were back now, and tens of thousands of women had been placed upon the voters' lists. It was desirable, therefore, to hold a provincial referendum.

The Premier pointed out that he, personally, had supported prohibition, voting for it and supporting it with his money. At the same time, he felt he owed it to the general public to call for an expression of opinion with regard to the present prohibition. He felt that by submitting the temperance plebiscite the Government would be doing the fair thing by all concerned. It must be remembered that prohibition at the coming referendum did not not be necessary to ask for a federal referendum.

Mr. Bell, after other speakers had taken part in the debate, withdrew his resolution and the Premier's motion was carried.

## BRITISH REVENUE £1,418,300,000

London, April 19.—Delivering the budget speech in the Commons this afternoon, Rt. Hon. J. Austen Chamberlain, Chancellor of the Exchequer, estimated that, as a result of the new taxation proposals, the revenue for the year would be £1,418,300,000, and the expenditure at £1,184,102,000, leaving approximately £234,000,000 for debt redemption this year. He declared that there was every prospect that there would be the sum of £300,000,000 for the same purpose next year.

## WHAT THE CLUBS ARE DOING

Before taking any further steps towards carrying out the suggestion of having an institution for the treatment of drug addicts, the Vancouver Kiwanis Club will obtain a report in a month's time on the whole proposal from a committee which was appointed at a meeting of the club Wednesday.

**To Help May Day**  
The special Kiwanis committee of New Westminster, the chairmanship of Mr. Stanley Ross, last week reported having met the May Day committee, and many of the teachers, and promised support by the latter, they felt justified in asking sanction of the club to assume control over what promises to be the largest parade staged at any celebration held in New Westminster. This is the first community event which the Kiwanis have backed, and with membership of nearly 100, consisting of representative business and professional men of the city, the successful staging of the parade is assured.

**Juvenile Delinquency.**  
An explanation of the necessity of establishing a juvenile court in New Westminster, sanction for which has been received from Victoria, was made by Mrs. Paul Smith, president of the Local Council of Women, when speaking before members of the New Westminster Kiwanis Club at the weekly luncheon. Mrs. Smith who is regarded as one of the most intelligent lady speakers of the Royal City, appeared quite at home on the subject and gave the Kiwanians a clear insight into the work being done in other provinces and in Vancouver towards prevention of youthful delinquency.

## FARMER'S SON'S BODY IN A WELL

Courtenay, B.C., April 19.—The body of a young Williamson, son of Robert Williamson, a well-known farmer of Happy Valley, was found in a well on Sunday morning. After finishing work on the farm on Saturday night young Williamson disappeared. As he had not at all times acted normally since he had influenza a search was instituted and on Sunday morning the coat and vest of the missing man were found on the Shaw property three-quarters of a mile away. Following this up the searchers found the rest of the clothes around the well and the body in the well.

## WOULD KEEP TRADE CONVENTION HERE TO SEE PAGEANT

Efforts are being made by local public bodies to persuade the Seventh National Foreign Trade Convention party, which will visit Victoria May 23, to stay over here for twenty-four hours in order to witness the giant Hudson's Bay Company's pageant on Victoria Day.

The matter will be discussed at a City Council meeting to-night, and at the Board of Trade Council meeting to-morrow.

## SCOUT MOVEMENT PLANS CAMPAIGN

Lt.-Governor Opens List For Funds to Carry on District Organization

A meeting convened by the Lieutenant-Governor of all the public bodies interested was held at noon today in the Board room of the Belmont Block, to consider ways and means of enhancing the financial status of the Boy Scout movement of Victoria and district. A drive for finances will follow.

When Col. Prior took the chair there was only a small attendance. The equality of the assembly was, however, restored when Frank Gielma, M. P. P., pointed out that the notices had only been dispatched by the secretary, Seymour De P. Greene, one week previously and that the various organizations had scarcely time to take action.

The regents of several of the chapters of the L. O. D. E. formed the majority of those present, and promised support to movement in the way of enlisting sympathy and funds.

### Money Wanted.

His Honor outlined the business of the meeting, which was called to plan a campaign for the raising of funds for the local and district Boy Scout movement. Some \$3,000 was necessary to meet the rapid growth of the movement, and to provide a sinking fund.

In the last year the local association had grown from 101 boys to a total membership in troops of 252, he stated. New troops were daily becoming more necessary in new districts, and money was needed to finance the inauguration of these troops, and the general expansion of the movement.

Seymour De P. Greene cited the fact that last year the association had only collected \$52 from the public. That state of financial policy would serve to show the care exercised by the executive in money matters, he contended, but the new policy of expansion called for larger methods and financial considerations.

It was decided after thorough discussion to continue the quiet campaign that has been under way in the last ten days, and later to institute a drive for funds if the response from the public bodies and associations of the city be not productive of the expected results.

### Funds Received.

The subscription list which had been in operation scarcely a week, shows a balance of \$325 to date. The meeting expressed every confidence in the goodwill of the various organizations appealed to, and decided to await their respective replies before taking further action.

Every club, society, association, public and otherwise in the district has been appealed to in this connection—but the answer has not been received from any of them to date—owing it was stated to the fact that many of the societies had not since held a meeting.

The subscription list as presented to the assembly stood as under: His Honor the Lt.-Governor, Col. Prior, \$25; General Ross, G. O. C., \$25; Hon. W. J. Bowser, \$5; Griffith R. Hughes, \$50; J. S. H. Matson, \$50; B. C. Electric, \$50; R. P. Rithet Co., \$25; Wilson & Co., \$25; The B. Wilson Co., Ltd., \$25; Turner, Beeton & Co., \$25. Total, \$325.

### Message From General Currie.

In response to a request that he would very kindly help the Forward Movement for the Boy Scout work in Victoria, Sir Arthur Currie very kindly sends the following:

"Boy Scouts are taught to be unselfish, helpful to others, cheerful in the performance of whatever duty may be assigned to them. Trained to be useful members of society, they enter manhood with the lesson learned that the rights and privileges of citizenship go hand in hand with responsibilities and obligations. Their system of training fits them for the work of life and develops high qualities of character and intelligence. During the war they gave practical proofs of honor, straightness, loyalty, and their motto 'Be prepared' should be used as the watchword of the Nation."

The Groom—Darling you have made me very happy by marrying me.

Bride—Oh, don't mention it, I made two men still happier.

Groom—How did you do that.

Bride—By refusing to marry them.

### INQUIRY DROPPED

House Did Not Proceed With Resolution; Soldiers' Taxes

Legislative Press Gallery, April 17.

An item of business ditched when the House adjourned was H. C. Hall's resolution calling for the appointment of a Royal Commission to enquire into the whole question of the status of the Esquimalt & Nanaimo Railway Company. J. A. Buckham adjourned the debate and it was not resumed.

One of the most important amendments crowded through in the turmoil of Saturday was offered to the Municipal Bill by J. W. Weart, Government member for South Vancouver. This provides that any municipality shall have power by bylaw to rebate, abate or extend the period of payment of any taxes, rates or local improvement assessments imposed upon the property of: (a) The widow or orphan of any deceased soldier; (b) Any disabled soldier; (c) Any soldier having an agreement, contract or mortgage with the Land Settlement Board or with the Soldier Settlement Board of Canada, or with any municipality under the provisions of the Better Housing Act; (d) Any other soldier, in case and to the extent that the municipality deems such abate-

ment, rebate or extension equitable under the circumstances.

## FOUND HANGING IN BARN BY HAY-WIRE

Lou Gip, a Chinaman, Found Dead in Loft of Barn on Caledonia Avenue

Suspended at the neck by a piece of hay-wire attached to a beam in the loft of a barn at 942 Caledonia Avenue, the lifeless body of Lou Gip, a Chinaman, was discovered this morning by another Celestial who was living at the same premises. Great excitement prevailed when the news of the tragedy was conveyed to the many Chinamen who lived with Gip, and the police were at once summoned.

An inquest will be held by Dr. Stanier, the coroner, to determine the circumstances which lead up to the death of Gip.

of age. His brother passed away about two months ago. The body has been removed to the Sands Funeral parlors.

### TOO LATE.

A middle-aged bachelor was in a restaurant at breakfast when he noticed this inscription on his eggs: "To whom it may concern, Should this meet the eye of some young man

who desires to marry a farmer's daughter, eighteen years of age, kindly communicate with—"

After reading this he made haste to write to the girl, offering marriage, and in a few days received this note:

"Your note came too late. I have been married five months to-day!"

Kind Old Lady—Please, warden this prisoner says he is very fond of

books; may I bring him some the next time I call?

Warden—Pm sorry, but pocket-books are his specialty.

—New York Tribune.

## NEW SUBMARINE CABLE IS PLANNED

Order Has Been Placed For Gulf; To Be Installed Next Year

Existing Telephone cable facilities between Vancouver Island and the mainland consist of two lines. Announcement is now made by the B. C. Telephone Company that a third is to be installed, to care for the increased demands of Island business. Installation of the cable will be made next Spring.

Great interest was taken throughout the Coast cities in 1913 in the laying of the Nanaimo-Vancouver cable, which was designed to supply the increasing demands of the territory served, and which greatly supplemented the connection via Beltingham made in 1904.

That cable was the first of its kind manufactured, and is the longest laid by any telephone company. It is 32.6 miles in length, and is laid across the Gulf from Nanaimo at an average depth of 1,380 feet, to Point Grey.

Duplication of the latter facilities is now planned, the order having been placed with W. T. Henley, Telegraph Works, London, England, who made the cable for the company in 1913. The new cable is expected to reach Vancouver at the end of the present year, and the cost, together with necessary land lines, will be about \$500,000.

In discussing the proposal Telephone Talk, the organ of the B. C. Telephone Company, says: "To make long distance facilities complete between the mainland and all sections of Vancouver Island, additional copper circuits will be strung between Seymour office in Vancouver and Point Grey, where the eastern end of the cable will land, and between Nanaimo and Victoria. There will be two circuits of 172-pound copper, the regulation weight giving the best service. Additional long distance lines to the northern end of Vancouver Island have been already provided for.

"The new submarine cable will be a counterpart of that already in place and will consist of four copper conductors, each weighing three hundred pounds per nautical mile. Each of these wires is reinforced with a wrapping of fine copper wire, while over this again is iron wire. Each complete conductor is thoroughly insulated with gutta percha. The four insulated wires are wrapped together with tarred yarn and the whole bound with brass tape. This core is heavily protected by a series of galvanized steel wires, nearly one-quarter of an inch thick, two inches in diameter, the thirty-two miles being in one continuous piece.

"On the four wires, four conversations will be possible at the same time, and in addition four telegraph circuits will also be maintained, all operating simultaneously without interference."

## MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which nagged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."—Mrs. H. Dooley, 1135 25th Street, Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy. Lydia E. Pinkham's Vegetable Compound is a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham's Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

## IMPRESSIVE SERVICES MARK UNVEILING

Memorial Reredos Unveiled and Dedicated at St. John's Yesterday

With nearly one thousand people present, the new Memorial Reredos erected by the congregation of St. John's Church was yesterday unveiled and dedicated at services beautifully fitting to the ceremony of the occasion.

Hon. Lieut. Governor, who was seen to be of a design thoroughly handsome and in keeping with the appointments of the remainder of the structure. Lt. Col. Prior was accompanied by General J. M. Ross, G. O. C., and Commander James, R. N., while Premier John Oliver and representatives of the Legislature and City Council were also in attendance.

Right Rev. A. De Pencier, Bishop of New Westminster, taking as his text Exodus 22:26, who is on the Lord's side, gave a very stirring address on the bravery of the soldiers in the field in the late conflict. Drawing a parallel between the crisis that confronts the church and the crisis that has just been passed, the Bishop referred in glowing terms to the service of consecration shown by the fighting men of the Empire and the untiring self-sacrifice of those who watched at home.

At the close of his discourse Bishop De Pencier congratulated the congregation on the fulfillment of the tribute to those who had served and those who had paid the supreme sacrifice.

Bishop Schofield, now on his way to England, sent a message of congratulation to the parish which was read by the Rev. F. A. P. Chadwick, rector of St. John's. There were twenty-six names on the Honor Roll, all of whom laid down their lives in the late conflict, including Patrick Andrew, Irving Archer, Herbert Baines, Ernest P. Bartlett, George M. Chapman, Donald Doughty, Storer Graves, Donald Grey Walter, Ashdown-Green, Donald B. Hanna, Charles Homewood, Charles Hunter, Percy N. James, William C. Jamison, Herbert J. Lewis, James J. Milne, John A. Morris, Charles Mossery, Frederick Plows, Robert B. Powell, Horace Rivers, Cyril Royal, John C. Scott, Arthur H. Simpson, Arthur F. Sutherland, Cyril Tidbury and Walter Traim. In addition to those on the Honor Roll the Service Roll of those who served and returned home contained some 284 names.

Reredos Dedicated. At the afternoon service the Memorial Reredos was formally dedicated to the memory of those who served, the church being filled with representatives from the returned soldier organizations in force and the ladies of the Next-of-Kin associations.

After a short and simple service the congregation stood while the organist played a few bars from the Dead March in Saul. The Rev. F. A. P. Chadwick then read the names on the service roll and the Rev. De Pencier delivered a striking address on the supreme war effort of the Empire and the part played by the Canadians in that conflict. Miss Mary Purdy rendered the Recessional in an inspiring manner.

Dr. De Pencier referred to the record made by the Canadians in the South African campaign, and held that the European struggle had but served to emphasize the worth of the fighting loyalty of the Empire. He spoke glowingly of the heroic part played by the women in the long hours of suspense and anxiety at home. Drawing a conclusion from his discourse the Bishop held that all that had been gained in strength of character and noble self-sacrifice.

Service of Thanksgiving. The evening service was one of thanksgiving, and was largely attended. Bishop De Pencier spoke again, this time on the debt of gratitude due to those who had served, and thanksgiving due to their return. The sermon had an Easter theme.

"Did you see that lovely young girl waiting in the lobby, with the pretty brown dress and fur?" asked hubby, as he entered her taxi. "What? That frowsy thing with the false puffs, enameled face, gold teeth, double chin, home-made dress, and torn gloves? No, I didn't notice her at all."

## TO ATTEMPT BREAK WITH UNION SOON

Aldermen Will Take Action Long-delayed For Certain Reasons

The long-delayed attempt to force a break between the city and the Union of British Columbia Municipalities will be made almost immediately, aldermen who are behind the move allowed it to be known at the City Hall today.

The proposal has been kept in abeyance for many weeks now for certain good reasons, but those who favor the break announce that they are ready to put the issue before the Council now.

Last week the City Solicitor was instructed to report on various phases of the Union's work, finances, and so forth. Mr. Pringle has been so busy with the City's Private Bill, however, that he probably will not be able to report to-night. It is expected, therefore, the attempt at a withdrawal from the Union will not be made until a week from to-night.

It is impossible to forecast the probable action of the Council. Several members are absolutely in favor of withdrawal, and have been so for some time. The aldermen are a unit in their opinion that the Union Solicitor, F. A. McDiarmid, should resign after having conducted cases against the city. Whether a majority would go so far as to favor a withdrawal, unless Mr. McDiarmid does retire remains to be seen.

Discussion by the Union of Mr. McDiarmid's status has been postponed until the fall convention, but the aldermen who favor a break, regardless of the activities of the Union's Solicitor, intend to force the issue long before then.

## A PIMPLY FACE OF POOR COMPLEXION QUICKLY RESTORED

Thousands of young men and women would be handsome and attractive were it not for unsightly pimples, blackheads, and rough, uneven skin. Custom seems to recommend lotions and salves, but unfortunately their effect is but temporary. These disgusting blemishes are the outcome of impure blood, and in every case goes further back, to the blood, which must be cleansed of humors before the pimples depart for good.

A physician who has made a careful study of such cases says that the quickest cure comes from a blood-purifying medicine like Ferrozone. The minute Ferrozone strikes the blood its good work begins. Poisons and foul matter are expelled. Every trace of humor is driven out, and the whole life current is supplied with nutrient and health-giving qualities. You can always tell a Ferrozone complexion when you see it—it is clear and rosy, no signs of sallowness—the eyes are bright and expressive because rich, red blood is circulating through the whole system, carrying health, energy, and strength with it. Not only will all skin eruptions disappear, but an increase in vital strength, and an all-around improvement will be apparent. No rebuilding tonic could be more efficient. Get Ferrozone to-day—Good for young and old, for well folks and sick ones, too. 50c. per box, or six boxes for \$2.50, at all dealers, or direct by mail from The Catarthozone Co., Kingston, Ont.

Doctor—"Tell your wife not to worry about the slight deafness, as it is merely an indication of advancing years." Mr. Meek—"Er—would you mind telling her yourself, doctor?"

## PETER W. COLLINS ON BOLSHEVISM SHORTLY

Peter W. Collins, industrial expert, lecturer on Socialism, and one of the foremost campaigners in the East against Bolshevism and radicals, is on a Spring drive across the country and will be a speaker here on April 27. Mayor Forster will preside. Mr. Collins, who is director of the reconstruction and employment service of the Knights of Columbus, which gave more than 190,000 jobs to former service men, is one of the leading advocates against all "ism" doctrines.

He is one of the few men from out of the East who earned a reputation for fighting the "ism" of Red gangs by invading their own halls and accepting debates with their leaders. Several of the Socialist firebrands have been smothered before his counter attack of facts and figures against their dreams and theories.

Mr. Collins, during the war, was an industrial expert for the Government; he is a faithful friend of organized labor and one of the close personal advisers of the late John Mitchell, president of the United Mine Workers. He is a resident of Chelsea, Mass., a former president of the Boston Labor Council and secretary of the International Electrical Workers, of Springfield, Ill.

Recently he was before the New York State Legislative Judiciary committee which ousted the five New York Socialist assemblymen. His testimony took up 300 pages of the record and was devoted to his personal contact and experiences with Socialists, their doctrines and political ambitions. In his direct and cross-examinations Mr. Collins refused to express an opinion as to what, in his judgment should be done to the five assemblymen.

## MURDER IN CHURCH BY INSANE MAN

(Continued from page 1.)

Church Crowded. The church was crowded with parishioners, many of them representatives of the wealthiest families in New York, when the shooting took place.

Dr. Marker was walking down the left aisle, taking up the collection, while the choir was singing an anthem. As he reached the twelfth pew from the rear and leaned over to pass the plate, Simpkin, who was seated next to the aisle, whipped out a revolver and fired at the physician. The bullet struck him over the left eye and he collapsed in the aisle.

Choir Sang. Several women screamed and men rushed from their seats to come to the aid of the physician and others in pursuit of his assailant. Simpkin, with the revolver in his hand, leaped over the body of the physician and started to run out of the church. The choir, led by Charles Salford, continued singing in an effort to quiet the congregation.

Enlisted. After his capture Simpkin told the police he had brought his wife and two children to Canada seven years ago. He enlisted in the Canadian army and was about to sail overseas, he said, when he learned his wife had become a mother. He asked for a transfer to an organization stationed near his wife's home, but was refused as being "too valuable a man," he said.

"I figured," he exclaimed, "that if I was too good a man for the outfit to lose, I was too good for my wife to lose. I jumped the outfit and entered the United States, and later brought my wife and children over."

"They say there is a physical cause for mental reaction," said Simpkin. "I was tubercular and they cured me. Then I got cancer and I was operated on for that. So I guess these are the causes."

"The preacher in his sermon at the church," he continued, "told them to be good to strangers, but no one spoke to me and I resented it."

In Calgary. Calgary, April 19.—Thomas Simpkin, charged with murder in New York, formerly was a printer in Calgary, Alberta, in September, 1916. He was employed in several printing plants here. He joined the Typographical Union and is still carried on the rolls of that organization. In April, 1917, he was adjudged insane in court and sent to the state insane asylum at Fergus Falls, but escaped from that institution a year later and the authorities failed to locate him.

His wife lived here until April, 1919, when she was deported to England as a dependent British subject. Simpkin went under the alias of Shelly, which was his wife's maiden name. It is reported he enlisted in the Canadian army but deserted.

Every prospective piano purchaser is invited to inspect this splendid Canadian piano—The

### VICTORIA NINE TAKES FIRST GAME

Beat Well-trained Calgary Boys Six to Three in Exhibition Game

Two homers, some pretty hitting and snappy fielding and a six to three win for the Victoria pro team against the Calgary Nine in the exhibition game at Royal Athletic Park put the baseball fans in good humor Saturday. The debut of the capital city nine in the Pacific International League was auspicious. For a first of the season game and with the boys only just gathered together it was about everything that could be desired, and although the fans are not ready to pass judgment on the home club at this early stage of the game, they went away feeling pretty well satisfied with the crowd that Manager George Howlett and Player-Manager Bill Leard have gathered together.

The game went six innings, and the Victoria men made things safe by a swiftest in the second which resulted in four runs. Two more were hung up in the fifth. The Calgary nine got one in the third, fifth and last innings.

Pholander was on the mound for the visitors and every hit secured off the elongated Calgary hurler was earned. He has lots of speed and good control and his pitching arm seemed as strong as in mid-season.

Lawson pitched four innings for the Victoria team and Mitchell pitched the last two. Lawson created a good impression. Mitchell, however, was out of luck, but some good fielding saved him.

Very appropriately Manager Leard got the first hit of the game and with Jimmy Church ran out with a perfect average. Church and Zienke got a good reception on their return to the city. Goldie was responsible for the prettiest hit of the day when he potted the ball over the fence. Joe Tobin, a former Victoria player for the other home run with a hit over the center fence.

#### The Box Score.

#### INTER-COLLEGIATE TRACK MEET.

Winnipeg, April 19.—The Manitoba inter-collegiate track meet will be held a great deal earlier this fall than in previous years, being scheduled for October 2. This will give the U. M. S. U. time to assemble a crack team in time to travel to Saskatoon for the first inter-university track meet in the history of the universities of Western Canada. This meet will be held on October 16, and from the present outlook, three teams will take part, representing Alberta, Saskatchewan and Manitoba. There is a possibility of British Columbia sending a team, expense being the chief drawback.

#### Semi-ready Tailoring

Our American cousins are coming across the line in crowds to get fine British-woven suits at the Semi-ready shops.

The exchange rate on English sterling has helped to make the trip across the line more profitable.

At the recent international designers' convention it was admitted that the Semi-ready styles and models were smarter and more distinctive than the New York creations.

We made Semi-ready suits to special order—you choose your cloth, select your style, and within four days after the order reaches the shops the garment is on its way to your door.

It's real Service Tailoring—for your every preference is considered, and there's no risk. If the suit doesn't fit, you couldn't pry it away from us.

### CRUSADERS WIN BASKETBALL TITLE

Registered 36 to 21 Victory Over St. Mary's in Sunday School League

After losing two games in succession the Crusaders basketball team five came back strong in their final game with St. Mary's Saturday night at the Y. M. C. A., winning by a large margin and thereby taking the senior championship for the season.

Ernie Cull made his first appearance on the defence line for the Crusaders. Bill Erickson going up forward. What Ernie lacks in size he makes up in speed. Lewis Fatt the leading scorer on the St. Mary's five getting only one point in the ready to pass judgment on the home club at this early stage of the game, they went away feeling pretty well satisfied with the crowd that Manager George Howlett and Player-Manager Bill Leard have gathered together.

The game went six innings, and the Victoria men made things safe by a swiftest in the second which resulted in four runs. Two more were hung up in the fifth. The Calgary nine got one in the third, fifth and last innings.

Pholander was on the mound for the visitors and every hit secured off the elongated Calgary hurler was earned. He has lots of speed and good control and his pitching arm seemed as strong as in mid-season.

Lawson pitched four innings for the Victoria team and Mitchell pitched the last two. Lawson created a good impression. Mitchell, however, was out of luck, but some good fielding saved him.

### VICTORIA OUT OF PROVINCIAL SERIES

Cumberland Miners Beat the Wests by Two Goals to One Saturday

The fight for the McBride Shield, emblematic of the provincial soccer championship will be between Cumberland and the Mainland champions this year. The Victoria West eleven, Victoria representatives in the fray were noised out by the narrow margin of one goal Saturday at Nanaimo. The Up-Island players scored one goal in each half, and had a lead of two goals until ten minutes before time when Plump netted the West's only tally. A Nanaimo dispatch says:

"The Miners of Cumberland won from Victoria West by 2 goals to 1 in the semi-final for the McBride Shield, played this afternoon. The Mainland winner will therefore meet Cumberland in Nanaimo on May 1. The first goal for the Miners was shot by Conti within three minutes of half time, the second by Harrison with a clever kick following up a corner half-way through the second half.

Within ten minutes of the end of the game Cumberland's goalkeeper was drawn out and Plump scored for Victoria. Shortly before, Referee Jones had given Victoria a goal on a corner kick, dropped just inside bag but reversed his decision on the linesman saying the ball had gone out of bounds in flight. The game was very spirited and good football with play in general in Cumberland's favor.

In the first twenty minutes Cumberland pressed Victoria's goal hard and got five corner kicks, none of which materialized. The vivacity and steady play of a well-balanced team, will, it was felt, lead to-day, land the shield with the little colliery town in the North. The large crowd would have been much augmented had not Cumberland withdrawn a special train as a protest against the action of the B. C. Football Association in allowing the teams their expenses only. Cumberland's steam was as follows:

Clarke, Winslow, Smith, Sullivan, Jackson, R. Brown, Banner, W. Brown, Boothman, Harrison, Victoria Wests were represented by Shandley, Whyte and Chester; Sheratt, Conas, Baker; Mulach, Peden, James, Plump and Sherratt.

### KILMARNOCK WON SCOTTISH SOCCER CUP

Ninety-five Thousand People Saw Final Game at Hampden

Glasgow, April 19.—(By Canadian Associated Press).—Kilmarnock won the Scottish Association football cup final at Hampden Saturday by defeating Aberdeen 3-1. The weather was splendid and 95,000 persons saw a match. The play throughout was very keen and fast, but Kilmarnock showed better football, particularly in their forward division. In the first half Watson scored for the Kilmarnock in the second half and Hillhouse scored for the Rangers in the final stages of the game. Both sides were excited and fouls were frequent, but Kilmarnock to the finish were always the more dangerous and thoroughly deserved their victory.

#### PROFESSIONALS MUST BE RE-INSTATED, SAYS LACROSSE BODY

Montreal, April 19.—At the annual meeting of the National Lacrosse Union, held at the National Amateur Association, it was decided that the future of amateur lacrosse rests with the Amateur Athletic Union of Canada as to whether they will reinstate professionals, or so-called players this season, and professional lacrosse players will be asked to make application for such reinstatement. The application of the Tecumseh Lacrosse Club, Toronto, to join the National Lacrosse Union, was presented by L. Brown.

### HUDDERSFIELD ELEVEN WON FOUR STRAIGHT

Have Scored 13 Goals to 2 in Four League Games in Four Days

London, April 19.—(By Canadian Associated Press).—Huddersfield's victory at Nottingham and Birmingham's defeat at Clapton, make certain that the cup finalists from Yorkshire will accompany Tottenham into the first league next season. Huddersfield yesterday played its fourth league match within eight days and won eight full points with a score of 13 to 2, an impressive performance, even for the cup finalists. The match attracted 20,000 persons. Mann and Taylor scored for the victors. Tottenham's match brought 30,000 spectators. Bliss scored five minutes before half time and the team thereby recovered their hundredth goal of the season five minutes before the finish. Grimsby made an excellent fight. Tottenham have put up a new record for the second division by defeating Bristol's 66 points in 1906. They may beat the second league record of 106 goals in the three remaining matches. Chelsea was much superior to Derby, although their forwards fell off later. Derby several times looked like snatching the victory. The Arsenal received a valuable point at Preston. Will scoring cleverly and Jeffreys obtaining the equalizing goal. The Clapton victory over Birmingham was narrow, thanks largely to the tackling by the backs and halves. Both goals were scored from corner kicks. Birmingham's best work was done toward the finish, Leon scoring beautifully from 20 yards' range.

The Southend-Exeter City game was notable for Oldacre, Exeter's outside guard, wild kick at Marshall, which missed. South End's were the better side although both teams showed only moderate form. Portsmouth completed their home programme in great style against Swindon, Armstrong opening the scoring within 10 minutes and Swindon drawing level through Rogers. The chairman of Portsmouth, Lewis Oliver, and the secretary, R. Brown, resigned owing to differences with the other directors, but stated that these were not concerned with the application of the team to enter the second league.

#### BILLIARD CHAMPIONSHIP.

London, April 19.—(By Canadian Associated Press).—Stevenson won the second heat of the billiard championship, the score being: Stevenson, 8,000 and Allen, 7,363.

### A SUIT-CASE IS INDISPENSABLE

You'll find 'tis no economy to take a week-end trip. Unless your "duds" are nicely packed in suit-case or a grip. For, at the E. & N. Depot, the other day I saw  
A couple whose belongings lay all strewn about the floor.  
A lady blushed, and well she might, for when that string gave way Contents of what her parcel held were brought into display.  
Choice lingerie, cosmetics, too, with Hubby's night attire.  
Were jumbled up with other things, week-enders most require.  
I pitied their embarrassment, and being near Johnson Street,  
At Flash's Store, I found for them a welcome safe retreat.  
Suit-cases there, in great array, soon caught that lady's eye.  
Her hubby bought one straight away—she thanked me with a sigh.

## DETROIT TROUNCED IN OPENING GAME

Lost to Cleveland 11 to 4;  
Sunday's League  
Games

Sale Lake 14-5; Seattle 4-4; Los Angeles 4-0; Vernon 5-4; Oakland 2-3; San Francisco 10-6; Portland 3-8; Sacramento 5-7.

### American League.

Cleveland, April 18.—Detroit made its first appearance of the season here to-day and was beaten 11 to 4. Cleveland batted Meyers out of the box in the third innings. Love, who followed him, was wild. Coveleskie took things easy after his team piled up a lead. Speaker distinguished himself with a double and a home run and by throwing a runner out at the plate.

Score—R. H. E.  
Detroit ..... 4 11 0  
Cleveland ..... 11 4 1  
Ayers, Love, Okey and Stange; Coveleskie and O'Neill.

### National League.

Cincinnati, April 18.—Pittsburgh broke the winning streak of the champions to-day by winning, 2 to 1. Both Adams and Ruether pitched great ball. The visitors won in the first inning on a hit by Bigbee, a base on balls, a sacrifice and a fumble by Kopf, which gave them two runs. The Reds scored their only run in the fifth on hits by Duncan, Wingo and Ruether.

Score—R. H. E.  
Pittsburgh ..... 2 5 0  
Cincinnati ..... 1 6 1  
Adams and Lee; Ruether and Wingo.

New York, April 18.—Philadelphia defeated New York to-day easily, 5 to 1. The Philadelphia batters started to hit Nohr hard in the first inning, scoring three runs on Bancroft's double, Williams's single, a sacrifice fly and J. Miller's home run. Meadows was effective for Philadelphia throughout, especially in the pinches. The batting and fielding of Bancroft featured.

Score—R. H. E.  
Philadelphia ..... 5 11 0  
New York ..... 1 6 1  
Meadows and Traggesser; Nohr, Hubbell, Winters and Seith.

St. Louis, April 18.—St. Louis defeated Chicago, 2 to 0, in the opening game of the series here this afternoon. Alexander weakened in the sixth, allowing two singles and a double which, with a wild throw by Bankert, gave St. Louis two runs. Doak held Chicago safe all the way.

Score—R. H. E.  
St. Louis ..... 2 10 1  
Chicago ..... 0 9 0  
Alexander, Carter and Killifer; Doak and Clemons.

Brooklyn, April 18.—Brooklyn took the first game of the series with Boston to-day, 9 to 3, by batting Rudolph and McQuillan hard. Elliott's hitting was especially timely, his three singles bringing in six runs. Reis drove the ball over the right field wall in the third inning.

Score—R. H. E.  
Boston ..... 3 8 5  
Brooklyn ..... 9 10 1  
Rudolph, McQuillan, O'Neill and Wilson; Pfeiffer and Elliott.

## CALGARY WILL NOT BE HERE TO-MORROW

Club Has to Play in Seattle;  
Geo. Howlett Happy Over  
His Team's Success

Owing to the fact that the Calgary club is scheduled to play the University of Washington at Seattle to-morrow, Manager George Howlett, of the Victoria club, has been forced to cancel to-morrow afternoon's battle at the Royal Athletic Park. It was expected that Calgary would be here for a three-game series, but Joe Devine got his dates slightly mixed and the fans will be denied the privilege of seeing the Bees in action to-morrow.

Looking For First Baseman.  
The Calgary team has been working out for about a month with Coast League teams, and their pitchers had a chance to get their whips into shape and the players to round into form, whereas some of our players never handled a ball since last season," said George this morning. "I am looking out for a first baseman. Cunningham is a catcher and simply filling in at first until we land a man. With a good man on first I think we will be able to sit tight on our infield. As yet we do not know a great deal about the pitching staff. Lawson worked good on Saturday and as the training season progresses we will be able to find out just what our hurlers are capable of."

The University of Washington will be here next week for a series with the Bees and on May 5 the league will open with a flare of trumpets, Victoria playing in Tacoma.

## SOCCER TEAM PICKED TO TOUR SOUTH AFRICA

London, April 19.—(Canadian Press).—The following Association team has been selected for the forthcoming tour of South Africa: Goal, Gough, Sheffield United; backs, Longworth, Liverpool; and Evely, Luton; and Treasurer, Bristol; halves, Bamber, Liverpool; Voisey, Millwall; Burns, London; Widdowson, Brighton; Sage, Tottenham; forwards, Turnbull, Bradford; Harvey, Sheffield Wednesday; Merter, Hull; Smith, Bolton; Pasackerley, Sheffield United; Sloley, Corinthians; Hawes, Norwich; Davies, Swindon; Woodcock, Manchester United.

The trainer is Whitley, Chelsea, and the team will leave England on May 7.

### BOWLING.

Winnipeg, April 19.—The Saratogas won the Winnipeg Senior bowling championship by taking seven games out of twelve from the Wanderers.

## BOXING CLUB WILL EXTEND ACTIVITIES

To Include Long Distance  
Running, Walking, Cycling  
and Wrestling

A decision to branch out into other sports besides boxing was arrived at at the annual meeting of the Victoria Boxing Club held Saturday night, J. Timms in the chair. Wrestling, long distance running, walking, and racing are in future to be included in the activities of the club.

Satisfactory reports of the first year's work of the club were presented. Frank Stevenson was elected honorary president, Harry Brown, president, J. Timms was elected president, Harry Boyd, secretary-treasurer, and Al Davies, delegate to the B. C. A. A. U. The following were elected on the committee: Ted Beales, Al Davies, Irving Blyth, R. McLean, Alan Hawthornwaite and J. Andros.

## CRICKETERS HOLD SESSION TO-NIGHT

With Eight Clubs Entered  
Senior Competition List  
Is Closed

At to-night's adjourned annual meeting of the Victoria and District Cricket Association at which it was held at the Knights of Columbus Hut, starting at 8.15 o'clock, the entries for the Senior League cricket competition will be formally received. Eight clubs have entered, Victoria, Inco, Albion, Congos, Five C's, Garrison, Army and Navy and Comrades of the Great War.

The entries for the mid-week competition have not yet been closed. Secretary Tucker asks for a good rally of cricketers at to-night's meeting, so that arrangements can be made for a good start off of what promises to be a banner season for the great game.

## MANAGER MAC IS OUT WITH PROMISING NINE

Canadian Collieries and Knights of Columbus ball teams had a fast workout yesterday morning at the Royal Athletic Park.

Both teams showed up well in fielding, but the Collieries showed up better with the bat. Manager MacFarlane of the Collieries has a very strong lineup for the coming season.

## MITCHELL BEAT SCHOELL.

Milwaukee, Wis., April 19.—Pinky Mitchell, local lightweight, on Saturday night easily outboxed Frankie Schoell, of Buffalo, in a ten-round contest, sporting writers are unanimously agreed.

Mitchell was given every round. He knocked Schoell down twice in the second round with rights and lefts to the jaw and rocked him in the fourth. Schoell weighed 135 and Mitchell 13.

## SPECTACLE COMEDY IS "PAN" FEATURE

"Derby Day" Is One of Most  
Elaborate Acts of Pan-  
tages Circuit

Forty-five minutes of music and fun in three scenes, and with a cast of twenty-one people, is the headline offering on the Pantages bill of vaudeville which opened with the main-line performance this afternoon. "Derby Day" for this is the name of the production, is one of the most massive and elaborate spectacle acts of this nature that has ever been presented by the Pantages circuit. It boasts a real plot and many popular melodies, and with Ralph Bell in the principal comedy role, Joseph Kemper, its leading man, and Ann Montgomery, the prima donna, the cast is particularly strong in the leading parts. Vannie Calvert and Jeanne McKenzie are a strong support to Miss Montgomery in the song parts. There are several other men prominent in the cast and a large group of unusually pretty chorus girls who wear colorful costumes, sing and dance gracefully. The act is fashioned in a most elaborate manner in every way and the superb effects of master stagecraft dazzles the audiences.

It is rarely that a funnier sketch comes along than the presentation by the J. C. Mack & Co., of "Mother's Boy." It is a clever bit of acting. A rural mother, her daffy son and a sassy girl are the three characters portrayed and their witty lines make a riot of fun throughout the number. Mack's portrayal of the "mother" is one of the gems of the vaudeville stage. The act is well set together and introduces, besides the thread of a story, a few sidelights, such as clever dances by the young man of the company. Hough and Lavelle are on the bill with a skit that ripples with witty cross talk. The offering is called "It Happened in Arizona" and concerns the troubles of a couple whose motor cycle broke down in the desert. It concludes with a stage effect and song which add a lot to its attractiveness. Frank Morrell, popular in vaudeville as "The California Boy," brings a fund of new stories and a repertoire of up-to-the-minute songs. He has the very fine, strong voice, a keen sense of comedy values, and is a popular number on the programme. Stirling and M. are a man and girl with a series of originalities. Their act is novel in its presentation and shows the actors to be versatile and clever in their singing, dancing, balancing and revolving gymnastics in mid-air. There is a touch of the

The charm of a sweet mouth—  
The breath of good health—  
The beauty of perfect teeth—  
All depend upon sound teeth—

PERSONAL ATTRACTION is an important factor in all human relationships—personal health is a great deal more important to the individual. The state of the teeth has a strong bearing on the health as well as on the appearance. Unless every care is given regularly, the teeth are bound to show decay, and that is a menace to health as well as a direct loss. Prompt attention is the only sensible course in this important matter.

I examine your teeth free—  
Expert advice without charge—  
And you incur no obligation—  
Consultations by appointment—  
Call in or telephone and arrange to have your teeth examined—

**GOLD INLAIS**  
PORCELAIN FILLINGS  
Cavities should be filled promptly to stop further decay of teeth. Our gold inlays are cast in a mould of the cavity and will last as long as the tooth. Our porcelain fillings, of the finest material made, can not be detected from the rest of the natural tooth. All fillings are guaranteed.

**PERMANENT CROWNS AND BRIDGEWORK**  
We specialize in Crown and Bridge work. Our "Permanent" Bridges are made so that the gold casting does not show. The teeth we use are "inter-changeable," so that any repair or alteration may be done quickly without disturbing or weakening the bridge. Every crown is moulded of 22-k gold, with the biting surface heavily reinforced.

**EXPRESSION PLATES**  
That "live-tooth" appearance in our "Expression Plates" and the improvement in facial expression are distinctive. The "live-tooth" effect is gained by using teeth which match the original, exactly in size, shape, color and texture. Our own process of moulding the plate raises the lines of the face to the natural expression of youth—each plate is moulded to "fit the face."

## HAIR PULLING BOUT IN GIRLS' SCHOOL

"A Daughter of Two Worlds"  
at Royal Victoria This  
Week

Life in a fashionable boarding school for girls, the comradeship of some and the petty jealousies of others are cleverly depicted in the screen version of Le Roy Scott's novel, "A Daughter of Two Worlds," to be shown at the Royal Victoria Theatre, beginning to-night, and repeating on Tuesday and Thursday only.

Norma Talmadge is the star. She takes the part of Jennie, daughter of Black Jerry Malone, proprietor of a notorious underworld cabaret, who has sent her to the school under an assumed name to escape incarceration.

## TO-DAY'S AMUSEMENTS

Pantages—Vaudeville.  
Royal Victoria—"A Daughter of Two Worlds."  
Dominion—"Male and Female."  
Variety—"The White Heather."  
Columbia—"His Wife's Friend."  
Romano—"The Illustrious Prince."

tion in jail for a forgery she did not commit. It was Black Jerry's cherished ambition to see his pretty daughter elevated from her sordid environment. At the school, Jennie becomes the steadiest chum of Sue Harrison, from a home of wealth and refinement.

Gloria, a snob of the boarding school, insults Sue, calls her a liar, and then the fun commences. Jennie, incensed when she sees Sue in tears, grabs Gloria and there is a lively skirmish in the presence of all the girls. There is some hair-pulling and

Corner Douglas and Johnson Sts.

grappling, and Jennie emerges from the fray as the triumphant victor. She forces an apology from the crest-fallen and subdued Gloria.

Jennie becomes the most popular girl in the school and is later invited to the home of Sue, whose brother speedily falls in love with her.

The stain on the family name of Jennie crops out in her new upper world, but she proves able to meet a most complicated situation involving a murder that has resulted in the arrest of an innocent man.

## DOROTHY DALTON IN "HIS WIFE'S FRIEND"

Ince Production Will Be Presented; Special Added Features

Mystery is a theme that has often been woefully mishandled by the movie-makers. Following the so-called "thrilling mystery serials" through their score or so of episodes is a severe strain on credulity, eyes and sense of humor. "His Wife's Friend," the picture at the Columbia Theatre this week, is a mystery picture of a delightfully different stamp.

Is Happily Cast  
In the first place, it was produced by Thomas H. Ince, with Dorothy Dalton as the star. Mr. Ince's abilities as a producer are too well known to mention here, and Miss Dalton has shown in recent pictures that she belongs in the front rank of emotional actresses of the screen. She is happily cast in her latest film venture. Aside from her shrewd sense of dramatic values, there is something about Miss Dalton that fits her to play the womanly, capable type of heroine.

The story was adapted from a British novel by J. B. Harris-Burland. Sir Robert Grimwood has married an extremely youthful wife, played by Miss Dalton, and neglects her studiously for the fascination of chess problems, which he works out for hours alone. An old sweetheart of Lady Miriam's appears, is invited to dinner by the now suspicious husband, and that evening Sir Robert's body is found in a nearby estate with a note that he has committed suicide in order that Heritage, Lady Miriam's admirer, and she may be free to marry.

Suspects Murder  
Heritage suspects that it is murder, and is convinced of it when he meets Ling Foo, a Chinese criminal whom he knew in India, on the neighboring estate. The scene then shifts to India, where Heritage, a major in the English army, defends a garrison against the Chinese rebels and again encounters Ling Foo, who has a precious paper implicating Heritage in the murder. Heritage, in the meantime falls in love with a girl named Ruth in India, though he is practically engaged to Lady Miriam. The latter hears of his new-found affection.

Returning to England, Heritage takes up the trail again, and through a series of adventures and clever deductions discovers that Ling Foo poisoned Lord Robert in a chess game and that Waverly, lord of the adjoining estate, is also guilty. Through the deaths by violence of the Chinaman and the baronet, and the sacrifice of Lady Miriam, Heritage and Ruth find their ultimate happiness.

In Clever Style  
Here is screen mystery done in clever style. The suspense is well and entertainingly sustained. The lonely castle, the solitary chess player, and the diabolically clever Oriental, lend a peculiar fascination to the picture. There are some thrilling large-scale spectacles, such as when the Chinese hordes attack the garrison of the Indian fort. The deaths of Waverly and the Celestial are as startling bits of realism as the most blasé screen fan could desire. The calculated effort to fool the audience, which often succeeds in merely irritating them and marring the interest in the story are not present in "His Wife's Friend."

Miss Dalton's work is uniformly excellent, and Henry Mortimer, in the hero's part, is also good. Warren Cook, Richard Neal, and Paul Caveneue are others in the cast. Joseph De Grasse directed the picture and it is being released under the Paramount-Artcraft trademark.

## THREE PERFORMANCES WILL BE STAGED

"Pirates of Penzance" to Be Repeated at Latter Part of Week

Every performance last week drew full houses to witness the production of the "Pirates of Penzance" at the Princess Theatre. This delightful Gilbert and Sullivan comic opera has always proved a success from its very first and original performance in London, and its record has remained unbroken. A very competent English critic who happened to be in Victoria, and who witnessed a performance during the past week gave it as his opinion that the production as a whole compared more than favorably with many of the best English productions which, in the past, it has been his business to attend, whilst the singing of the principals and chorus was far ahead of anything he had heard in years. And there is nothing strange in this voluntarily expressed opinion for every department of the production has been in expertly capable hands and every member of the cast is an artist. Under the experienced stage-management of Major W. Taylor and the baton of Mr. Herbert Kent, under whom was a full orchestra, led by Mr. E. Semple who also

scored the opera and with that most wonderful of accompanists, Mrs. Gibson, at the piano, the success of the production, historically and musically, was a forgone conclusion. When Messrs. Taylor and Clark commenced work on the scenery and Mrs. W. Taylor bent her energies and talents to the designing and making of the costumes and dresses, the anticipation of a record success from the artistic standpoint was assured. Added to all this was the careful selection of a powerful cast, headed by that most consummate actress

and vocalist, Miss Eva Hart, whose lyric soprano has scarcely ever been heard to finer advantage; supported by Mrs. Jesse Longfield, whose rich contralto is of depth and purity seldom heard outside of professional companies; Miss Mona Misener, whose instant success in the recent production of "Hello! Victoria!" has been repeated in the "Pirates," the altogether charming singing and stage presence of Miss Lawrence Ross, a new comer to the Princess, and Miss G. Hunt, the inimitable singing and acting of Messrs. R.

Mackenzie, James Hunter, R. N. Hincks, James Fitch, R. R. Webb and a highly trained and powerful chorus. Taking all these facts into consideration it is small wonder that the Yates Street House has been taxed to capacity and that, to accommodate the demands of hundreds who have been unable to obtain

seats, the management have decided to repeat the performances on Thursday, Friday and Saturday nights of this week. The Box Office for these repeat performances will open tomorrow at 10 a.m.

## DOMINION TO SHOW DE MILLE'S PICTURE

"Male and Female" Faithful Version of James M. Barrie's Play

In order to supply the locale for the island scenes in "Male and Female," founded on Sir James M. Barrie's famous play, "The Admirable Crichton," Cecil B. DeMille, producer of this latest Paramount-Artcraft picture, now at the Dominion Theatre arranged to film this part of the action on Santa Cruz Island in the Pacific Ocean, just off the California coast. But a tropical island was needed. This did not worry the resourceful director, who had great loads of foliage and tropical plants transplanted, so that the American island resembled a spot in the South Seas. This is but one example of the lavish scale upon which Barrie's play has been adapted to the screen, though the delightfully human touch of the distinguished dramatist has been fully retained.

The charming story of Crichton, the English butler who became the master's master and almost his son-in-law when a private yacht was wrecked on a desert isle, is interpreted by a great cast of players, including Thomas Meighan, Gloria Swanson, Lila Lee, Theodore Roberts, Robe Daniels, Guy Oliver, and others. Mr. de Mille is said to excel even his former great successes in point of artistic production.

## JAPANESE STAR IN ILLUSTRIOUS PRINCE

Hayakawa Will Be Featured at the Romano This Week

Sessue Hayakawa, the greatest actor of his race and a screen star whose admirers are legion, has in "The Illustrious Prince" a magnificent vehicle for his talents.

"The Illustrious Prince," which will be at the Romano Theatre to-day, is a screen dramatization of the book by E. Phillips Oppenheim, which achieved an enormous sale in this country and in England, where the scenes of the story are laid. The production, which has received masterly treatment at the hands of Director William Worthington, is released by Robertson-Cole.

The action of the story revolves around the mysterious murder of Count De La Mar. Years before, in Japan, De La Mar had fleeced Prince Maiyo's father in a business deal in which many of the latter's friends were involved, and the Japanese had committed hara-kiri. Determined to repay the debt of honor and blood, Prince Maiyo goes to London. There he finds that De La Mar has entangled the Duchess of Devenham in an affair of the heart, and she is about to elope with the Count. De La Mar is murdered in a cab during a dense London fog, and circumstantial evidence found by the police points to the Prince as the murderer. The Duchess has reason to believe that her husband is the murderer. The solution of the mystery is not brought about until the very end of the last reel, and provides suspense and highly colored dramatic situations of unusual character. The photoplay, settings and lighting effects are superb, the well-known London fog coming into its own in a sequence of striking night effects showing London streets shrouded in a vapory mantle. It is during this that the murderer of De La Mar is shown jumping from the cab after the murder, colliding with a messenger boy on a bicycle, and escaping under cover of the fog.

## NEW YORK REPEATED LONDON SUCCESS

Percy Hutchinson, Due Next Week, Knows Good Manuscripts

Percy Hutchinson, who returns to the Princess Theatre in "General Post" and "The Luck of the Navy" for two nights starting next Monday, has long been noted for his ability to choose the few successful plays from the hundreds of manuscripts with which a successful producing manager is always deluged, in fact, some of his brother managers in London claim that his judgment is almost uncanny.

The history of "General Post," by J. E. Harold Terry, brings out a striking example of Mr. Hutchinson's good judgment in selecting plays. After the piece had been turned down by George Alexander, Gerald DuMaurier, Arthur Boucher, Dennis Eddie, Frederick Harrison and several other prominent London producers, it was offered to Percy Hutchinson, who has been too busy with naval affairs to read the play before.

After reading it Mr. Hutchinson did not hesitate a second but immediately decided to produce it in spite of the direful results predicted by his business associates, and within two weeks he had arranged for the premiere performance at the Haymarket Theatre, the very house whose manager, George Alexander, had rejected first option on the play. The rest is history. "General Post" ran at the Haymarket for fourteen months, making its sponsors over \$250,000 net profit, then it was taken to New York where the London success was repeated on Broadway.

# Male and Female

SO Fate seized them—a snobbish family of British blue-bloods. Cast them on an island where the voice of the world was lost. Tumbled them, lord and butler, lady and scullery maid, into a common mass of males and females. Laughed at their former glories, their former handicaps. Pointed to an untamed jungle, ruled only by wild beasts, and said: "Now we shall see who rules."

Then the butler, because he was a man, became a king; and the great lady who once disdained him, served, loved him—fought with a slave for his kiss!

One day a ship! Rescue! Home! The old world and its old ways. Its pride, conventions, shallow distinctions. Did the true love, the true leadership, of the wilds hold them? Come and see.

A romance that searches deep into human hearts. A picture, poignant, powerful, tremendous in its scope, superb in its artistry—destined to rank as a thrilling climax to "Old Wives for New," "Don't Change Your Husband," "For Better, For Worse," "Till I Come Back to You," and all the other great De Mille achievements. You'll never forget "Male and Female!"

## "WHITE HEATHER"

The New York Success Was  
Adopted From Drury Lane  
Melodrama

"The title of Maurice Tournour's  
latest photoplay, 'The White Hea-  
ther,' which was a big feature hit of

the Rialto programme yesterday, has  
a double significance. It refers not  
only to the title flower of the Scotch  
Highlands, which is supposed to  
bring good luck to its wearer, but it  
is also the name of a yacht on which  
much of the action takes place," says  
The New York Review.

"The White Heather" is adapted  
from the famous Drury Lane melo-  
drama by Cecil Raleigh and Henry  
Hamilton, which had a long run  
when it was first presented at the  
Academy of Music, with Amelia  
Bingham in the leading role. The  
story is one that is calculated to  
make a wide appeal. It is a romance  
of the Scotch Highlands and the sea.  
It presents scenes of great beauty  
among the sheep herders in contrast  
to the grim studies of night life in the

London streets. The action centres  
around the recovery of a marriage  
record from the hulk of the sunken  
yacht, 'The White Heather.'

"The White Heather" is the dis-  
tinction of being the first motion pic-  
ture which has actually been direct-  
ed on the ocean floor. Mr. Tournour  
donned a diver's suit and directed his  
players at the bottom of the sea by  
means of signals. "The White Hea-  
ther" has the advantage of being  
played by a well-balanced cast.  
Among the prominent members of  
the company is little Ben Alexander,  
who will be remembered for his  
splendid work in 'Hearie of the  
World.' In Mabel Ballin, Mr. Tour-  
neur discovered a sympathetic hero-  
ine, and the other players include  
H. E. Herbert, Jack Gilbert, Ralph  
Graves and Spottiswoode Aitken."

## SYLVESTER SCHAFER

## IS HEADLINE ACT

Sylvester Schaffer is universally  
acknowledged to be the most ver-  
satile man in the world, and is held  
generally as nothing short of re-  
markable.

Mr. Schaffer combines the es-  
sentials of eight different acts, yet  
at each he shows a skill and artistry  
that would do credit to any one of  
the stars in that particular line.

Mr. Schaffer is versed in every  
particular form of entertainment  
known to vaudeville, be it legerde-  
main or music, or juggling, marks-  
manship or painting, pantomime or  
athletics, he is master of all.

Mr. Schaffer occupies the stage for  
nearly an hour and there is not one  
second which could be eliminated  
without a loss.

Mr. Schaffer is more than the  
world's most versatile artist, or he  
has knocked the old adage about  
"Jack of all trades" into a cocked hat.  
He is a "Jack of All Trades" and an  
expert at every one of them.

Mr. Schaffer is the headline act on  
this week's Orpheum bill, at the  
Royal, Friday and Saturday of this  
week.

## THE WALLFLOWER

—And You  
Don't Dance

Perhaps you have been out  
to a private party, when the  
rugs were rolled up and the  
chairs pushed back. Some-  
one slips a jolly, rollicking  
jazz on the phonograph or  
maybe it is a plaintive,  
dreamy waltz. Feet that are  
trained just won't behave—  
they will dance. For who  
can resist the irresistible fas-  
cination of the dainty fox-  
trot, the clever one step or  
the graceful waltz. "Al-  
most" everybody does it —  
and the floor is quickly taken  
by a glad, gay throng.  
But you — well, you are  
"strictly out of it."

Why not, arrange for a  
few private lessons now?  
Everybody dances—old and  
young.

Phone or call for appoint-  
ment. Lady and gentleman  
instructors. Fees reason-  
able. Special arrangements  
for parties.

## REPAIRS TO DAMAGE WILL PROVE COSTLY

Estimated That \$100,000 Will  
Cover Work to Be Effected  
on S.S. Prince John

## SMART SALVAGE FEAT BY VICTORIA CENTRON

Repairs to the salvaged steamship Prince John will cost approximately one hundred thousand dollars, it was estimated following survey of the damage in drydock at Prince Rupert. The firm, Ltd., Esquimalt; Harbinger Marine Company, Ltd., Victoria; Coughlan & Sons, Vancouver; Wallace Shipyard, Ltd., Vancouver; B. C. Marine, Ltd., Vancouver, and the Prince Rupert Shipbuilding Company, which returned to port Saturday morning and the contract awarded immediately. Contemplated additions to the vessel's passenger accommodation will be effected at the same time.

According to the officers of the Pacific Salvage Company's steamship Algonquin, Captain John Hewson, which returned to port Saturday evening after successfully salvaging the Prince John and delivering the vessel at Prince Rupert, the damage proved very extensive. When the steamship Prince John came into the Prince John at the entrance to Skidegate Inlet she ripped a jagged hole in the starboard side of the Prince John about the engine room bulkhead. At the deck the aperture was about twelve feet wide and tapered down to an approximately ten feet below the waterline.

**Saved Ship.**  
But for the resourcefulness of Captain Robinson on the Prince Albert in keeping his vessel's bows securely wedged into the damaged ship's side following the collision and driving ahead at full speed in the direction of the beach near Dead Tree Point, complete disaster must have followed. The salvors state that with such a gaping hole in her side the Prince John could not have stayed afloat many minutes.

When the Prince John was finally beached she rested easily in a sandy bottom, and at high tide she was totally submerged with the exception of the stack, pilot-house and a few of the cabins located on the upper deck.

Fuel oil escaped from the tanks, and when the vessel was salvaged she was thoroughly coated with the sticky substance. Her interior fittings were ruined and will have to be replaced.

Fast salvage was accomplished by the crew of the Algonquin under Captain Hewson and supervised by Captain W. H. Logan, representative of the London Salvage Association, and Captain C. H. Nicholson, manager of G. T. P. coast steamships.

After the expiration of four actual working days the vessel was afloat. Two ten-inch and two six-inch centrifugal pumps were transferred and promptly hoisted into position aboard the Prince John, and in the meantime divers had to work in placing a temporary patch of timbers and canvas over the damage. Once the powerful pumps got to work the steamship came up rapidly with the assistance of the tide, and within three hours of the commencement of lifting operations she was afloat. Braced by kegs, anchors the Algonquin went alongside the wreck and when she was in position the divers salvaged the vessel. The Prince John was then taken to Alford Bay, where the outside patch was reinforced by the placing of a concrete patch on the inside. In this manner the Prince John with her engines turning over, proceeded to Prince Rupert.

The Algonquin arrived in the inner harbor about 10 o'clock on Saturday night and her crew was immediately paid off.

## LIVESTOCK TRAFFIC SERIOUSLY AFFECTED

Heavy Passenger and Freight  
Business Created Transportation Difficulty

Ottawa, April 19.—Difficulty in securing transportation for livestock from the United Kingdom for Canada during the coming summer is predicted by the Department of Agriculture. The extraordinary heavy bookings for passenger and freight traffic place the steamship companies, it is pointed out, in the position that they can not secure properly equipped vessels for livestock traffic. Few of such vessels are actually available for use at the present time. The steamship companies have suggested that shippers assemble their shipments as far as possible together on certain dates, in order that available ship space may be utilized to the best advantage.

Oxo Cubes contain the rich nourishment of prime beef in so compact and convenient a form that they are handy for use anywhere, at any time. Just a cube—hot water, and a biscuit or two—and a light sustaining meal is ready.

**CUBES**

## CUNARDERS RESUME CALL AT QUEENSTOWN

Queenstown, April 19.—The Cunard Line has officially announced that Queenstown will be resumed as port of call, commencing May 2, when the Carmania will stop there on its westbound trip. The Kaiserlin Augusta Victoria leaving New York April 24, will make the first eastbound stop.

## SAY ROOFING PLANT WOULD AFFECT SHIPS

City Investigates Report That  
Acid Discharges Would  
Injure Hulls

The civic authorities are somewhat anxious over reports that acid discharges from the factory which the Sidney Rubber Roofing Company is erecting on the old Indian Reserve will have a serious effect upon steel shipping in the Inner Harbor. The matter was brought before the City Council recently by Alderman Todd. The Alderman did not know how true the reports were, but he stated that he had been informed by reliable persons that the acid which would be discharged by the roofing plant would eat into the steel hulls of ships tied up in the harbor and have other bad effects. If this were so, he asserted, the Council should be investigated fully. The Council agreed and instructed the City Engineer to ascertain the truth of the reports.

While willing that the question should be investigated, a number of aldermen declare that such "quibblings" are not likely to encourage industry, so vitally needed in the city. Indeed, one of this kind, they declare, might easily cause manufacturers to decide to establish their plants elsewhere than in Victoria.

## MORE ACCOMMODATION FOR PRINCESS ROYAL

Deckhouse Comprising Ten  
Rooms Will Be Fitted on  
After Boat Deck

The C. P. R. contemplates fitting the steamship Princess Royal with additional passenger accommodation in the near future.

A deckhouse is now under construction on the Belleville Street wharf, and when completed will be installed on the after boat deck of the Princess Royal. The new house will be equipped with ten rooms, giving accommodation of twenty passengers.

At the present time the Princess Royal has seventy-two rooms with berthing accommodation for 144 passengers. When the contemplated changes are effected the vessel will have sleeping accommodation for 164 passengers.

The new deckhouse will not alter the Princess Royal to any great extent structurally, as there is ample space on the after deck for the added accommodation. The wireless room, however, will have to be moved to make way for the new structure. The cabin-fittings within the housework will be completed as far as possible ashore, and when ready the Princess will be hoisted aboard at low tide.

## TYPHUS TOOK BIG TOLL IN SIBERIA

Dr. A. K. Higgs, of American  
Red Cross Mission, Says  
Thousands Still Dying

## SPLENDID WORK BY RED CROSS FORCES

William Head Authorities in  
Accommodating Mood When  
Empress Loomed Up

"Typhus has killed thousands in Siberia and thousands are still falling victims to the ravages of this terrible scourge," the speaker was Dr. A. K. Higgs, head of the American Red Cross party numbering twenty-three persons arriving from the city. Indeed, one of this kind, they declare, might easily cause manufacturers to decide to establish their plants elsewhere than in Victoria.

The Russian situation is continually changing, and it is impossible to predict what will be the outcome," commented Dr. Higgs, when questioned regarding the latest developments in Siberia. "The chaotic conditions of the moment cannot prevail indefinitely, and the great mass of Russians are earnestly in favor of stable government."

"The Russian situation is continually changing, and it is impossible to predict what will be the outcome," commented Dr. Higgs, when questioned regarding the latest developments in Siberia. "The chaotic conditions of the moment cannot prevail indefinitely, and the great mass of Russians are earnestly in favor of stable government."

## NITRATE STEAMSHIP STARTED A FIRE AT BUSH TERMINALS

New York, April 19.—Fire starting on the steamship Halford, which was loaded with nitrates to-day threatened the destruction of the Bush terminal in Brooklyn, one of the largest steamship terminals in the world. Two fires quickly caught fire and firemen, attracted by four alarms, endeavored to prevent other fires burning.

After two explosions were heard across the East River, ambulances were sent to the terminal. Early reports were that at least five men had been seriously hurt. Tugs from all over New York harbor hurried to the scene to remove threatened ships to safety.

## VESSLS' MOVEMENTS

Nagasaki, April 18.—Arrived: Str. Empress of Russia, from Victoria, Glasgow, April 18.—Arrived: Str. Canadian Settler, from Halifax.

## PILOT BOAT SUNK.

St. John, N. B., April 19.—The Howard D. Troop, a pilot boat of this port, was sunk Sunday night in a broadside collision with the steamship Captain Voyager. The Troop was valued at about \$15,000, with no insurance. No lives were lost.

## SKIPPER ARRESTED.

Havana, April 19.—Captain G. R. Viethem, of the United States Shipping Board steamer Lake Wilson, has been arrested and lodged in the municipal jail at Matanzas after a mutiny on the vessel. He is charged with using firearms. Three members of the crew were seriously injured.

## ICEBREAKER AT MONTREAL.

Montreal, April 19.—The Government icebreaker Lady Grey reached Montreal yesterday afternoon, having just completed a strenuous period of seven weeks in clearing a way for navigation on the St. Lawrence.

## ALL N.Y.K. LINERS ON PACIFIC ROUTE TO BE SUBSIDIZED

New Arrangement Effective  
With Dispatch of Tajima  
Maru From Japan

## PASSED QUARANTINE AFTER SUN HAD SET

William Head Authorities in  
Accommodating Mood When  
Empress Loomed Up

Six subsidized liners will be operated in the trans-Pacific service this summer by the Nippon Yusen Kaisha, it was learned with the arrival of the liner Fushimi Maru. The four regular passenger liners, the Fushimi Maru, Suwa Maru, Kashima Maru and Katori Maru, together with the latest additions, the Tajima Maru and Toyohashi Maru, will ply to this port under Japanese Government subsidy. The first liner to sail under the new arrangement is the Tajima Maru, which is now en route here from Kobe and is expected to arrive May 1. K. steamships, the Fushimi Maru and Suwa Maru, have been operated under subsidy on the trans-Pacific route. The Kashima Maru and Katori Maru, plying in conjunction with the new Government aid. It is expected that the new plan will have the effect of relieving passenger traffic congestion on the Pacific.

The Osaka Shosen Kaisha is preparing to meet competition on the North Pacific route. Six liners of 10,000 tons each, including the new ships Arizona Maru and Alabama Maru, will maintain this service. In order to have a free hand in the operation of steamers on this route the O. S. K. waived the Japanese tariff on the first of the year, and this was turned over to the Nippon Yusen Kaisha.

The new service will cater specially to the steamer passengers and these coarctates are said to be the finest on the Pacific, if not the finest afloat. Great improvements have been made in the cabins, food and treatment of travelers in the steamships. It is believed by the company that steamer passengers provided with comfortable and sanitary accommodations will have less trouble with immigration authorities when they land.

## NEWS AND NOTES OF THE MINES

"Three operating mines in northern British Columbia this season will represent three separate districts and make the towns of Stewart, Alice Arm and Atlin alive boom camps," said George A. Collier, mining engineer for the North Western District in the Prince Rupert News on his return from the South. "The Premier mine is the proven mine at Stewart, the Dolly Varden at Alice Arm, and the Engineer at Atlin. It might be said that only three are the only proven ones in the North, and they are all great properties."

## Clogged-Up Liver Causes Headache

The liver is one of the regulators of health. If the liver is active and well, good health and happiness are encouraged, but once you allow your liver to get torpid and sluggish, life becomes a misery. Indigestion, Biliousness, Constipation, Headaches and Melancholy may appear, resulting in lack of energy, loss of memory and ill health; but remember Carter's Little Liver Pills touch the liver, correct all liver ills.

Small Pill—Small Dose—Small Price

## REASON GIVEN FOR GOVERNMENT DELAY

Parliamentary Procedure Held  
Up Signing of Shipbuilding  
Agreement

Brigadier-General R. P. Clark, head of the Citizens' Committee which organized the campaign to secure subscriptions for the financing of the shipbuilding project of the Victoria Shipowners, Ltd., has been advised by Dr. S. F. Toimie that the delay on the part of the Federal Government in signing the loan agreement was caused by the necessity of revoting the money in the supplementary estimates. The Government had no intention of repudiating its bargain, it was pointed out, it being purely a matter of Parliamentary procedure.

The headquarters of the Provincial Labor Agency here were thronged this morning by men eager to secure employment on the new wooden shipbuilding contract. The first employees are already in the yard engaged in overhauling the equipment in readiness for the reception of the Keel timbers which are en route from the Port Alberni mills.

John Day is the labor agent at the Chollberg shipyard.

## CLASH INVOLVED JAPANESE TROOPS

Czechs and Japanese Had  
Fight at Khailar,  
Siberia

Harbin, Manchuria, April 18.—(Associated Press)—While Japanese troops were removing arrested workmen from the railway station at Khailar, on the Trans-Siberian Railway near the Trans-Baikal border, other Russian workmen threw a bomb, to which the Japanese replied with rifle fire, according to reports received here.

Czech troops, the advice says, thereupon fired on the Japanese from an armored car. A fight followed which lasted three hours and resulted in a number being killed or wounded on both sides.

**Students Strike.**  
Shanghai, April 18.—(Associated Press)—Refusal of the Pekin Government to reply to demands that secret negotiations with Japan relative to Shantung cease and that a decree abrogating secret treaties be published, has caused a student strike which has involved fourteen provinces. This is the first time in ninety-two schools here have joined in the movement. Labor is not affected.

## UNEMPLOYMENT LIMITED.

Nanaimo: Major Weatherhead, Dominion Inspector of Soldiers' Civil Re-establishment, after inspecting the Nanaimo office, reported that the number of unemployed was relatively small in this district.

## Conviction Sustained.

Nanaimo: The Supreme Court sustained the conviction of the Union Brewing Company by Magistrate Potts on January 3, with the fine of \$1,000, for having sold beer of illegal manufacture. The appeal was taken on strength.

A studied case and the higher court held that under the Act the magistrate had no power to impose a fine of less than \$1,000 and his decision that the acts of the British Columbia Brewery were the acts of the Union Brewery.

**To Take Charge.**  
Cumberland: Word has just been received by the Rev. F. Comley from the Bishop of Columbia to the effect that the Rev. J. E. T. Spence, who succeeded him in the pastorate of Holy Trinity Church in a very short time, is with the deepest regret that not only the members of the church but the whole community will see him depart.

Rev. F. Comley, whose health has been failing for some time past, finds it necessary that he should leave. He will leave Cumberland for Waterloo, and expects to remain there for six months.

**Bastion Chapter Meeting.**  
Nanaimo: Bastion Chapter, I. O. D. E., held its monthly meeting Monday and appointed as delegates to the Provincial meeting in Vancouver, April 27 and 28, Mrs. J. E. T. Spence, Mrs. T. Spence, Mrs. John Shaw and Mrs. G. B. Brown. Mrs. Russell, vice-president of the Provincial Chapter, being nominated to the National Convention at Calgary in May. Mrs. Powers and the executive will entertain Mrs. Boyles, the provincial president, and the members of the chapter on Thursday at a banquet at the Regent Hotel. A booth committee for the May 24 celebration was appointed.

**High School Attendance.**  
Nanaimo—Principal Manzier reported to the Nanaimo School Board an attendance at the High School during the past month of 124. Accounts for the past month showing

1117 Wharf Street. Phone No. 4.

## ACTORS ATTACKED BY KNIVES

Prague, April 19.—A band of Germans created a disturbance in a theatre at Biskupitz, Southwest of Bremen, attacking the actors with knives, clubs and stones. Three of the actors and several spectators were injured. There was no guard of Allied troops in the town at the time, but on the demand of the French commandant, British troops were sent to preserve order.

## NO BULL FIGHTS.

Madrid, April 19.—Bull fights were abandoned Sunday because the bulls which were sent to participate were too small.

### 'Twas Said:

"I don't know his occupation," the party next door informed the census taker, "but his old woman calls him a pessimist."

"Righto!" said the man of resource, "I'll put him down a whine merchant."

Many merchants grumble when a dissatisfied customer returns some article. Not so at this store. We don't grumble or whine when you return a purchase to us, for we guarantee satisfaction with every purchase—a sale is not completed until the buyer is satisfied. We make exchanges or refund the money without question, so you take no chances when you shop here.

### CURTAIN NOT YET ON ELLIOTT TELEGRAM

Rumor Says Trouble May Follow for Author of Famous Message

Final disposition of the Dolly Varden "affair" and the two sensational telegrams sent to Premier Oliver by R. T. Elliott on behalf of the Chicago Dolly Varden Mining Company in so far as the provincial Legislature is concerned this year— took place on Saturday afternoon, when the act respecting the Taylor Engineering Company was passed. What promised to be an uneventful ending to a prolonged legislative session was changed into a whirlwind finish through consideration of this bill and the causes leading up to its introduction—fully detailed in The Times on Saturday.

There was little discussion of the bill during its committee stage, since the chief arguments for and against were made during the debate on the second reading of the proposed measure. The bill vests in the Taylor Engineering Company title to all the property in the Province formerly owned by the Dolly Varden Mines and the Dolly Varden Shipping companies; also the Dolly Varden Railway, which extends from Alice Arm up the Kitsuut River to the mines.

Although the Legislature apparently expressed its intention of ignoring the attack upon Premier Oliver as unworthy of official notice, and took this stand by voting down the resolution to halt the sender of the telegrams, R. T. Elliott, K.C., before the bar of the House, still it is stated in legislative circles that the last of the affair has not been heard. Rumor has it that official proceedings against the despatcher of the telegrams may be taken by Premier Oliver.

### PRESENTATION

TO MR. HINCKS

Associates Present Retiring Manager With Token of Esteem

An actor-manager who has become the idol of the public is not frequently so popular with the casts which he has directed month after month. That R. N. Hincks, the well-known manager of the Princess Dramatic Society, has achieved this happy combination was proved by a little ceremony which took place "back stage" at the Princess Theatre on Saturday afternoon, following the matinee of the "Pirates of Penzance." A few minutes after the curtain descended on the last scene, the cast and all connected with the theatre assembled to partake of a delightful informal tea, during which Stewart Clarke, by virtue of nearly six years' association with Mr. Hincks' various productions, presented the popular manager with a handsome silver wrist watch, as a token of esteem and affection, on the eve of his departure from Victoria to join Percy Hutchinson's company. A. M. D. Fairbairn, who has taken a leading part in many of Mr. Hincks' plays, presented Mrs. Hincks with a handsome bouquet of pink carnations, and Miss Eva Hart, "leading lady in most of Mr. Hincks' productions," with a "little souvenir."

"Thanking his associates for their gift, Mr. Hincks announced that he confidently anticipated returning to Victoria after gaining further theatrical experience while touring the East with Mr. Hutchinson.

The cast's feelings toward Mr. Hincks were further expressed in three lusty cheers and the singing of "For He's a Jolly Good Fellow."

"You must have seen some trait in me to admire," said Mr. Meekton, "or you wouldn't have married me." "I did," replied his wife, your sublime nerve in wanting to be my husband."
